# Porsche Sport Driving School

Porsche Driving Experiences Australia

The Porsche Sport Driving School has been providing training based on a clear philosophy: you tell us your driving goal and we ensure that you achieve it.

All of our courses comply with the same high standards, so you can confidently choose to participate in our cars, or your own car.

Working through the various training levels, you can finesse your driving style step by step, from the basics of vehicle control to professional driving skills. Maximum performance is about more than horsepower and torque alone. To harness raw power, you not only need advanced technology,

you also need a solid repertoire of driving techniques. To push the limits, you firstly have to explore your own.

All of our programs have the same goal in mind: handing over the reins to you and showing you how to use them. It's no wonder, therefore, that many of our participants have one wish at the end of their training, to do it all again.

You can see our latest offers and view all of the dates and prices on our website. Or please call us for further detailed information.

**Experience our cars.**

THIS IS WHAT MASTERING A PORSCHE IS ALL ABOUT

# PRECISION

## LEVEL 1    Mt Cotton Training Centre, Cornubia Queensland

**Duration**

One day

**Requirements**

Full driver's licence  
(P-Plates accepted)

**Vehicles**

Cayman, Cayman S, Boxster, Boxster S, 911 Carrera, 911 Carrera 4S, 911 Carrera GTS, Panamera, Cayenne Turbo, Macan Turbo. Demo: Cayenne Diesel, Macan GTS.

**Training Objective**

Here's where the fun of driving a Porsche can really start. Once you have a solid foundation of basic driving dynamics and responding correctly to critical scenarios is second nature, you can really start to spread your Porsche wings.

**Training Content**

- Correct seating position, steering and vision control
- High speed ABS emergency braking and accident avoidance
- Introduction to the racing line
- Load-changing scenarios
- Understeer and oversteer
- Slalom and handling section
- Efficient use of the Porsche Stability Management (PSM) System
- Closed road circuit lapping
- Driving style assessment
- Passenger ride in Macan GTS
- Cayenne off-road four wheel drive experience (demonstration)

Precision is an essential part of building a Porsche. It's also the key to driving one – especially at a higher level. This day is designed to help you attain this level of accuracy, providing you with the ideal preparation to move through our programs.

Aimed at first time participants and those who want to build and refresh their knowledge, it teaches you the fundamentals of vehicle control, with practice sessions taking place at the Mt Cotton Training Centre - a safe environment for simulating the kind of hazardous situations you may face in everyday traffic at various speeds.

NOW REALLY UNLEASH THE PASSION

# PRECISION PLUS

## LEVEL 2    Mt Cotton Training Centre, Cornubia Queensland

**Duration**

One day

**Prior Training**

Precision

**Requirements**

Full driver's licence  
(P-Plates accepted)

**Vehicles**

Cayman, Cayman S, Boxster, Boxster S, 911 Carrera, 911 Carrera GTS, 911 Turbo, Panamera, Cayenne Diesel, Cayenne S. Demo: 911 GT3 or 911 GT3 RS.

**Training Objective**

Building on the skills introduced in Precision, you will now further your knowledge of driving dynamics and how to respond correctly to critical scenarios.

**Training Content**

- Correct seating position, steering and vision control
- High speed emergency lane change and accident avoidance
- Basic principles of the racing line
- Load-changing scenarios
- Four wheel skid and drifting on skid pan
- Slalom and handling section
- Efficient use of the Porsche Stability Management (PSM) System
- Closed road circuit lapping
- Individual driving style assessment
- Off-road four wheel drive experience
- Passenger ride in 911 GT3 or 911 GT3 RS

Different track layout, different cars, different exercises, new challenges. Building on the skills acquired in Precision, under expert instruction, you will now step up to the fundamentals of the racing line. Learn how to approach and tackle corners accurately and with speed on a closed road circuit, practise taking evasive action and experience the effect that even slight differences in speed can have on the intensity of load changes. Throughout the program you will be challenged with a variety of advanced driving exercises such as four wheel skid and drifting on the skid pan to finely hone and finesse your driving skills, step by step.

TO FOLLOW YOUR HEART, YOU NEED TO USE YOUR HEAD

# PERFORMANCE

## LEVEL 3 Queensland Raceway, Ipswich Queensland

### Duration

One day

### Prior Training

Precision Plus

### Requirements

Full driver's licence  
(P-Plates accepted)

### Vehicles

Cayman S, Boxster, Boxster S,  
911 Carrera, 911 Carrera 4S,  
911 Carrera GTS, 911 Turbo,  
911 GT3 or 911 GT3 RS,  
Macan GTS.

### Training Objective

Develop knowledge of driving  
dynamics via one-on-one  
instruction with emphasis on  
vehicle control at higher speeds  
using the correct racing lines.

### Training Content

- Correct steering and vision control
- Finding and following the racing line
- Efficient use of the Porsche Stability Management (PSM) System
- Minimising unwanted load-changing reactions
- Slalom and handling section
- Individual laps with one-to-one coaching at high speed
- Introduction of trail braking

When you've completed Precision and Precious Plus, this day brings to life Intelligent Performance behind the wheel of a Porsche at Queensland Raceway. Individual instruction concentrates on vehicle control at higher speeds, using the correct racing lines and introducing trail braking with full lapping. Focusing on specific driving skills, lap after lap, improves vehicle command. While accurate and effective corner braking and avoiding unnecessary steering inputs provide the practice essential to finely tune your skills.

Here you can familiarise yourself with the respective sequence of bends and find the optimum line before progressing to the Master and GT3 Cup.

GT3 Cup

NOW IT'S TIME TO MASTER SOME SERIOUS SKILLS

# MASTER

## LEVEL 4    Queensland Raceway, Ipswich Queensland

**Duration**

One day

**Prior Training**

Performance

**Requirements**

Full driver's licence

**Vehicles**

911 GT3 or 911 GT3 RS

**Training Objective**

Optimising the skills required in motor racing.

**Training Content**

- Following the racing line quickly and independently
- Developing alternative racing lines
- Individual laps with one-on-one coaching
- Driving style assessment and electronic data analysis with engineer (timed laps)
- Minimising unwanted load-changing reactions

Porsches are, quite simply, made for the track and this is where you can finely hone your skills to utilise their full potential.

With the help of one-on-one coaching and sophisticated technology (electronic data is analysed and de-briefed by engineers), you will receive all the training you need to achieve competence in correct steering into corners and learn how to work the accelerator and brake pedals for optimum response.

NOTHING TAKES YOU CLOSER TO THE WORLD  
OF PROFESSIONAL RACING

# GT3 CUP

## LEVEL 5    Queensland Raceway, Ipswich Queensland

**Duration**

One day

**Prior Training**

Master

**Requirements**

Full driver's licence

**Vehicles**

911 GT3 Cup Car

**Training Objective**

Introduction to aerodynamic down force and slick tyres.

**Training Content**

- Following the racing line quickly and independently
- Developing alternative racing lines
- Individual laps with coaching using radios
- Driving style assessment and electronic data analysis with engineer (timed laps)
- Minimising unwanted load-changing reactions
- In car video footage

This is your opportunity to drive a genuine, factory-built 911 GT3 Cup Car. You also receive coaching in the advanced driving skills needed to pilot these cars at high speeds, with confidence, lap after lap.

Using state-of-the-art data acquisition, your instructor and engineer monitor your progress and make adjustments to lines, braking, shifting and steering to build your confidence and abilities.

Instructors led by Bathurst winner and Chief Instructor Tomas Mezera will work closely with you to enhance your skills.

Our engineer and your instructor will analyse data with you to improve on your lap time and consistency. At the end of the course, you will have a much more advanced understanding of your own capabilities and the analysis and use of data acquisition to keep monitoring and improving your performance.

# INCENTIVES AND CORPORATE PROGRAMMES.

As an incentive or reward for staff, or an acknowledgement of loyalty for customers or colleagues, nothing comes close to being given the key to a Porsche. When you put this pure Porsche experience at the centre of a company conference, presentation, training course or seminar... suddenly you have everyone's attention. And everyone will be chaffing at the bit to attend.

We are flexible and ready to work with you to create a memorable and thrilling corporate package or staff incentive. We have on road or off-road experiences, professional race track tuition to improve driver skills and concentration and for the ultimate corporate incentive or reward. No matter which experience you choose, we can guarantee plenty of excitement, enduring memories and the kind of motivation that only driving a Porsche can achieve.

## **The gift voucher everyone wants to receive!**

For the person who has everything, or the customer or associate you seriously want to impress, nothing comes close to a gift voucher with the name Porsche. A Porsche gift voucher for a driving course within Australia, or even further abroad, is sure to thrill even the most difficult person to please!

# ADVANCED DRIVER TRAINING.

Experience your Porsche.

# ADVANCED DRIVER TRAINING

Engineered for high performance on a racetrack and with the kind of responsiveness, intelligence and emotional power that simply demands to be used, as every owner knows, a Porsche is unlike any other car on the road.

## **Knowledge is Power & Safety.**

We believe the more knowledge owners have of their cars, the more excitement they get out of the experience of driving them. And, importantly, the more safely they will drive. A small amount of learning, in safe driving conditions, can open up a whole new world of experience which the limitations of ordinary driving conditions will never reveal.

Your Porsche is a high performance sports car, built to be driven well. This is a short course in understanding its potential. It has also been devised to help you, as a Porsche driver, react better in both day-to-day situations and emergencies. On each course, we are able to simulate (in safety) the kind of situation which may arise in a crisis – For which you may have had no ‘hands-on’ experience.

The courses also tackle the less spectacular, but no less important, day-to-day issues such as throttle control and steering skills. On these days, the dynamic potential of your Porsche can be exploited in safety, without

the restrictions of normal road conditions, or the worry of other road users. It is a wonderful opportunity to safely explore the potential of your Porsche, under the watchful eye of highly experienced and qualified Porsche instructors.

# PORSCHE SPORT DRIVING SCHOOL.

Instructors.

# THE PORSCHE TEAM

## Our instructors are the best in the business.

Our instructors specialise in their field - and the racing line. Whichever course you choose, one thing remains the same: the high quality training provided by our instructors and engineers.

Each has a great deal of racing expertise and is one of those very few lucky individuals whose hobby has become their profession. Every spare minute is spent on the racetrack. And their passion is infectious.

Each section of every course is preceded by instructions

from the experts and while you are busy perfecting your driving skills, each one of your exercises is being monitored. This not only guarantees your safety, but also optimum learning achievement.

You're focused on the road ahead and our instructors are focused on you, providing you with direct feedback, useful tips and individual support - for an incredible training experience and lasting improvement.

# PORSCHE DRIVING EXPERIENCE.

Porsche Travel Club.

# CAMP4S

## **Learning how to stay in control has rarely been such an emotional experience.**

Camp4S is aimed at intermediate drivers looking to improve their driving on snow and ice. With 1.5-mm spikes on each tyre, you'll learn how to handle a Porsche on black ice and snow, in some of the most demanding situations.

Snow and ice are the perfect surfaces on which to seriously improve your vehicle control.

A huge amount of practice is necessary before a driver instinctively feels how to react correctly. This is why you spend as much time as possible behind the wheel.

After a brief revision of the basics, new training units are covered. Here, the aim is to optimise your vehicle control and to find the racing line even on low-traction surfaces. Every day, the Porsche Driving Experience instructors analyse your learning success.

And then there is the serious fun of harnessing these new skills to let your Porsche off the leash, on pure fields of snow and ice. Under professional guidance, you learn a variety of specific drift techniques and practise these on specially prepared handling courses.

After completing this course, you'll never be glad to see the end of Winter again.

## **Camp4S**

**A course lasting several days for intermediate participants**

- Duration: five days, three days of driving
- Porsche Driving Centre, Levi, Finland (fly to Kittilä Airport)
- No. of participants: max. 50
- Driver training course in Porsche 911 Carrera S vehicles with 1.5-mm spikes (two persons per vehicle)
- Training content: mix of section training and handling courses
- Porsche Driving Experience instructors and schedule
- Four nights accommodation with breakfast and dinner, lunch on three days
- Snowmobile tour
- Transfers as per itinerary (airport, hotel, driving facility)

Camp4S

Ice-Force

Ice-ForceS

# ICE-FORCE

## The best way to make the learning curve steeper?

### On long drifts.

On our Ice-Force training course, the focus is on how to find and follow the racing line on an ice-covered circuit. With all-wheel drive and 4-mm spikes on each tyre, you'll experience incredible lateral acceleration on snow and ice. The theory session provides a solid foundation for the practical training. In addition to stabilising braking techniques, the most

important aspect of driving on the ice circuit is knowing how to steer correctly.

The training also includes heel-and-toeing and using advanced load-changing responses for safer cornering. Take to the handling courses with or without electronic driving aids to see what a difference they can make.

Porsche instructors explain the basic laws of physics as they apply to driving and vehicle handling.

Training is conducted in small groups to ensure that the instructors have sufficient time to devote to you and your individual training success. The course is the ideal opportunity to improve and augment your driving skills under professional guidance. The facility's extremely spacious handling courses stretch for miles and offer plenty of scope for long drifts as well as the height of driving pleasure.

Camp4S

Ice-Force

Ice-ForceS

## Ice-Force

**A course lasting several days for advanced participants**

- Prerequisite: Camp4S
- Duration: five days, three days of driving
- Porsche Driving Centre, Levi, Finland (fly to Kittilä Airport)
- No. of participants: max. 40
- Driver training course in Porsche 911 Carrera 4S and 911 Turbo vehicles with 4-mm spikes (two persons per vehicle)
- Training content: large amount of driving time, long handling courses
- Porsche Driving Experience instructors and schedule, two instructors per group
- Four nights accommodation with breakfast and dinner, lunch on three days
- Transfers as per itinerary (airport, hotel, driving facility)

# ICE-FORCES

**What you'll experience around the Arctic Circle? How to push the laws of physics.**

Ice-ForceS is designed for those who relish high-performance driving under extreme conditions. That's why the demands are particularly great, on both the vehicles and drivers.

Rear or mid-mounted engine? Rear-wheel or all-wheel drive? You'll get to experience them all. Driving a number of different Porsche models with various drive concepts, you will be continually presented with new challenges and learn how to confidently deal with typical handling characteristics on snow and ice, step by step. Section after section.

Porsche Driving Experience instructors are on hand throughout to offer you advice. Data recording and analysis help you refine your racing line even further.

## Ice-ForceS

**A course lasting several days for advanced participants**

- Prerequisite: Ice-Force
- Duration: five days, three days of driving
- Porsche Driving Centre, Levi, Finland (fly to Kittilä Airport)
- No. of participants: max. 40
- Driver training course in Porsche 911 Carrera S, 911 Carrera 4S, 911 Turbo and GT3 vehicles with 4-mm spikes (two persons per vehicle)
- Special section in a Porsche Cayman with 5-mm spikes
- Training content: large amount of driving time, long handling courses
- Porsche Driving Experience instructors and schedule, two instructors per group
- Data recording and analysis
- Four nights accommodation with breakfast and dinner, lunch on three days
- Transfers as per itinerary (airport, hotel, driving facility)

# PORSCHE DRIVING EXPERIENCE.

Porsche Targa Tours.

# Your Porsche was made for this.

**Offering the unique opportunity for Porsche owners to drive their cars, the way they were designed to be driven.**

Our Targa Tours are all about driving your Porsche on some of the best roads in Australia, following one of the Targa Championship road rallies and stopping off for some genuinely memorable and unusual experiences, in great company.

An ideal break, these driving holidays are perfect for renewing and revitalising the senses, behind the wheel of your Porsche. The tour days will be packed with lasting memories as you experience a range of scenarios that have been especially selected to improve your driving skills.

Both socially and behind the wheel, there will be plenty of unforgettable moments.

Join Porsche Cars Australia as they steer a select group of Porsche drivers through two of the most remarkable driving events available to Porsche customers.

Driving facts: Experienced Porsche group leaders will guide you at posted road speeds. But don't worry, on the winding Targa Stages it's a 'spirited' and exciting driving experience, requiring no dramatic alterations to your car.

What it won't be is unrestricted speed, roll cages, full race gear, pace notes and a full race licence...

That's the Targa Rally competition section.

If you would like to be part of one of these exciting experiences, competition is fierce, so please be sure to book early.

# **PORSCHE TRAVEL CLUB.**

**Porsche Factory and Museum Tours.**

# Insider's view.

Many people dream of getting a glimpse behind the scenes.

More than 80 vehicles take you on a journey through the impressive history of Porsche, from the origins to the present day. On display in this unique setting are many icons such as the 356, 911 and 917 as well as a number of special exhibits.

An exclusive tour backstage with access to the Porsche Museum in Stuttgart-Zuffenhausen and the Porsche complex in Leipzig, bringing to life the history of the Porsche marque, its spirit of innovation and tradition. But of course, to really appreciate a Porsche, you need to take to the driver's seat, which is why the 'Porsche in Zuffenhausen' package dedicates the second part of the day to discovering

the unforgettable feeling of driving a Porsche through glorious countryside and the famous motorway. 'Porsche in Leipzig' is a behind the scenes tour of the Macan, Panamera and Cayenne manufacturing facility and an exhilarating driving experience in the Customer Centre, with 360-degree panoramic views of the site, a restaurant, exhibitions and an extensive calendar of events.

The exclusive programme ranges from a factory tour and culinary highlights to a thrilling driving event – either as a co-pilot or in the driver's seat. Porsche Leipzig is also the starting point for a number of individual Porsche Travel Club Tours.
