Only tyres of the same make and type, with the same speed index and the same specification code (N0, N1, N2, ...) may be used on a vehicle.

Speed index:  
V = 240 km/h (150 mph)  
W = 270 km/h (170 mph)

1) Only one version of this tyre is produced. It therefore has no ID specification code. However, it still fully meets all Porsche requirements and is therefore approved accordingly.

Only this tyre can be fitted with a tube! The fitting of all other tyres with tubes is not permitted.

2) Load index/speed index 91W

Further detailed information about permitted wheel and tyre sizes as well as spacers that may be required can be found in the relevant parts certificates/manufacturer's certificates held by the Porsche partners.
