Prepaid performance.

Porsche Scheduled Maintenance Plan.

It pays to keep your Porsche at its peak.

Staying on top of maintenance ensures more than maximum performance. With the Porsche Scheduled Maintenance Plan, you can lock in your maintenance costs and avoid price increases on parts and service. Plus, prepayment offers substantial savings compared to traditional pay-as-you-go maintenance.

Customer Benefits

Value

By locking in the cost of all factory recommended maintenance, the PSMP protects you against inflation as well as any price increases on parts and service. Compared to pay-as-you-go maintenance, you can enjoy substantial savings over the life of the plan. All work performed under a PSMP guarantees the use of genuine Porsche parts, which protects the vehicle's performance and, as a result, its resale value. Keeping up with all recommended maintenance will protect the resale value of your Porsche. Plus, if you wish to sell before your plan term expires, all of the plan benefits will be transferred to the next owner—further increasing the potential resale value.

Convenience

In addition to the financial benefit, those with a PSMP can conveniently include the plan charge in their monthly payment when leasing or financing through Porsche Financial Services Canada. Planholders will also be reminded when they are due for the next scheduled maintenance, so you can rest easy knowing your vehicle is on the right track.

Transparency

During the entire term of the plan, since the price and schedule of factory recommended services are locked in ahead of time, there are no surprises for the customer so they can have reassurance that they have full insight into the planned maintenance of their vehicle.

Maintain performance

Over 70% of all Porsche vehicles built are still on the road today, and it is the mission of our Porsche Certified Technicians to maintain this trend. All Service including repairs and replacements are done with use of Genuine Porsche Parts. When you commit to servicing with a Porsche Centre, you are committing to a high standard of service that will help your Porsche reach its full performance potential for years to come.

Peace of mind comes standard.

Term Options

The Porsche Scheduled Maintenance Plan allows you to select the terms best suited to your driving needs. Once your 3-year or 4-year term is up, you will have the option to continue with the plan by purchasing Plus Two (2-year) extensions for up to 15 years of coverage from the initial start date. You can also purchase Plus Two (2-year) extensions at the same time as the purchase of the 3-year or 4-year plan. If you decide to not purchase a 3-year or 4-year plan within 365 days of your vehicle purchase, you still have the option to purchase a standalone Plus Two (2-year) plan after owning the cars for three years in the fourth year of ownership.

Coverage

The plan covers all factory recommended maintenance as outlined in your Porsche's maintenance booklet, including:

- Engine oil and filter changes
- Engine air filter, pollen filter, spark plug, tire sealant, brake fluid, drive belt, and transmission oil replacement
- Comprehensive inspections of all parts and systems of the vehicle

Eligibility

Any model year 2019/2020 or newer that has been in service less than one year / 15,000 kilometres is eligible for a 3-year or 4-year PSMP term, excluding non-regular production vehicles.*

For Plus Two (2 Year), only model years 2010 and above are eligible. Plans can be sold within 13 years or 195,000 kilometres.

* Please consult with a service advisor at your Porsche Centre.

Conditions & Exceptions: The PSMP cannot be cancelled and is non-refundable. No refund will be given if a lease/finance contract is less than the coverage period. PSMP coverage remains with the vehicle for which it was originally purchased and can be used by subsequent vehicle owners. Coverage and services are only valid in the country of purchase. In the event that a PSMP vehicle is designated as "totaled" by the insurance carrier, the vehicle owner will be reimbursed \$200 for each remaining maintenance. If a PSMP vehicle has been repossessed by the lien-holder, PSMP coverage will be removed.
