Accessories for your Boxster

SportDesign package

SportDesign package

An established part of our programme for 20 years: driving pleasure retrofitted.

A Porsche stands for enjoyment at the wheel, sports car emotions, unmistakable design and, of course, impressive performance. As well as your idea of how this should be expressed. Visually, tangibly and audibly. In short: how it can best fit in with you and your activities – 365 days a year.

This is what Porsche Tequipment has been offering for 20 years with its high-quality

products. Helping to turn a sports car into a sports car that is specifically adapted to your life. Whatever your plans.

Right from the start, Porsche Tequipment products have to meet the same standards as our vehicles: developed, tested and inspected in Weissach. By the same Porsche engineers and designers responsible for creating each model.

Conceived with the complete vehicle in mind and tailored to your particular Porsche. The result: a range of exceptional products with which you can refine your Porsche to suit your own individual requirements. Fitted after delivery. With no fuss. And, above all, with typical Porsche quality.

With your Porsche, you've already made your dream come true. Now it's time to live it. You will find the relevant accessories from Porsche Tequipment on the following pages.

SportDesign package

A genuine athlete always welcomes a little self-improvement, and looks are no exception. This specially developed package for the Boxster will not only reinforce the imposing presence of your car, it will create an appearance that is unmistakable. With a paint finish available

in the exterior colour of the vehicle, the SportDesign package comprises a new front apron with air intakes painted in black (matt), a new rear apron with a diffuser displaying vertical accents and a tailpipe trim also painted in black (matt).
