Accessories for your Cayman

SportDesign package

SportDesign package

An established part of our programme for 20 years: driving pleasure retrofitted.

A Porsche stands for enjoyment at the wheel, sports car emotions, unmistakable design and, of course, impressive performance. As well as your idea of how this should be expressed. Visually, tangibly and audibly. In short: how it can best fit in with you and your activities – 365 days a year.

This is what Porsche Tequipment has been offering for 20 years with its high-quality

products. Helping to turn a sports car into a sports car that is specifically adapted to your life. Whatever your plans.

Right from the start, Porsche Tequipment products have to meet the same standards as our vehicles: developed, tested and inspected in Weissach. By the same Porsche engineers and designers responsible for creating each model.

Conceived with the complete vehicle in mind and tailored to your particular Porsche. The result: a range of exceptional products with which you can refine your Porsche to suit your own individual requirements. Fitted after delivery. With no fuss. And, above all, with typical Porsche quality.

With your Porsche, you've already made your dream come true. Now it's time to live it. You will find the relevant accessories from Porsche Tequipment on the following pages.

SportDesign package

Clearly defined. Especially when it comes to the athletic exterior of your Cayman. This specially developed package creates an even more striking and sporty look for your car. With a paint finish available in the exterior colour of the vehicle, the SportDesign package comprises a new

front apron with air intakes painted in black (matt), a new rear apron in finned diffuser look and a tailpipe trim also painted in black (matt).

Sports tailpipe

Sports tailpipe

For an impressive look: the specially designed twin tailpipe in chrome-plated stainless steel makes a clear statement at the rear.
