Accessories for the 911 model range

**Porsche Tequipment. A permanent option for 20 years: upgradable driving pleasure.**

**20 YEARS**  
**PORSCHE**  
**TEQUIPMENT**

Porsche has forever been setting standards. In the development of cars certainly, and also when it comes to offering aftermarket personalisation and a diverse range of accessories for your Porsche. With 20 years of experience and expertise, Porsche

Tequipment stands for one thing above all: customary Porsche quality.

From the start, the same rules that apply to our vehicles also apply to the products of Porsche Tequipment: developed, tested and proven in Weissach

by the same Porsche engineers and designers who made your car. Designed with the complete vehicle in mind and precisely tailored to your Porsche.

The results are high-quality products that enable you to adapt your Porsche conveniently to your wishes and requirements. Whenever you choose and without any fuss. With products that suit your Porsche – and you.

The same applies to one of the highlights in our range: the Aerokit Turbo. This styling option comprises a distinctive front spoiler with side fins, painted sideskirts, a distinctive fixed rear spoiler with auto-deploying rear wing, and a rear apron with a painted finish. What makes this package even more special? The

Aerokit Turbo reduces lift at the front and rear axles, which means that it does far more than enhance the appearance of your Porsche – it also improves driving stability.

Did you want to make your Porsche even more individual? Whether you wish to

enhance its performance, refine its style or add comfort features, it is never too late to give your Porsche an extra personal touch. Whichever Tequipment products you ask your Porsche Centre to fit, your Porsche will always be the masterpiece that the developers in Weissach envisaged it to be.

For peace of mind, your original car warranty will remain completely intact.

Consult your Porsche Centre to discover more about Porsche Tequipment, and use our online 'Tequipment accessories finder' at [www.porsche.com/tequipment](http://www.porsche.com/tequipment) to find all our products.

## Exterior

Express your sporty inner attitude and accentuate the sculpted physique of your 911 with the Aerokit Turbo, wheels and much more from Porsche Tequipment.

## Performance

Want to push the performance concept to the very limit? Welcome to the high-performance club.

## Motorsport accessories

The experience we've gained from over 30,000 racing victories is visible and tangible.

## Interior

Inner values matter. Whether your emphasis is on performance, style or classic appeal, we can turn your ideas into reality and your 911 will always be 100% Porsche.

## 6 Audio and communication 62

A Porsche without intelligent communication systems? Unimaginable.

## 34 Transport and car care 70

Your Porsche can carry much more than the motorsport enthusiast inside it. We offer a range of transport accessories and cater for your car care needs.

## 40 Panorama 84

A brief insight into the world of Porsche.

**There's nothing over-elaborate or fanciful about our accessories. They integrate with the vehicle to form a harmonious combination.**

1963 saw the first ever 911. Styled the way we envisaged.

Today sees the latest 911. Styled the way we, and you envisaged. A fully personalised 911 can be your dream come true.

With the Porsche Tequipment range of accessories, you can make your 911 even more distinctive. Whether you opt for the Aerokit Turbo, Bi-Xenon main headlights in black, taillights in clear glass look or new wheels, the decision is entirely yours. The following pages will show you everything that's possible.

All accessories available from Porsche Tequipment were developed in parallel with the 911 itself. How else could we have achieved such a harmonious combination?

## Exterior

## Keep on dreaming the dream.

### [1] SportDesign front apron

Components have been purposefully refined in the Porsche wind tunnel to reduce lift. The newly styled front apron with distinctive spoiler lip creates an uncompromisingly sporty appearance.

If your vehicle is already equipped with the SportDesign front apron, there is still scope for further enhancement with the Aerokit Cup, available from Porsche Tequipment. Only for 911 Carrera Coupé models.

Note: reduces approach/departure angle and ground clearance.

1

### [2] SportDesign package

The SportDesign package includes not only the SportDesign front apron with distinctive spoiler lip, but also a rear spoiler that emphasises the sporty look of the 911 model range and also helps to reduce lift.

If your vehicle is already equipped with the SportDesign package, there is still scope for further enhancement with the Aerokit Cup, available from Porsche Tequipment. Only for 911 Carrera Coupé models.

Note: reduces ground clearance and the approach/departure angle. To preserve aerodynamic stability, front and rear spoilers may not be fitted separately.

2

**[1] Aerokit Turbo<sup>1</sup>**

The Aerokit Turbo adds sporty appeal and a sporty driving feel. All components have been tested and aerodynamically optimised in the Porsche wind tunnel. These include the distinctive front spoiler

with side fins, the sideskirts painted in the exterior colour of your car, the distinctive fixed rear spoiler with auto-deploying rear wing, and the rear apron also with a paint finish in the exterior colour. The Aerokit Turbo reduces lift at the front and

rear axles, improves driving stability and accentuates the powerful appearance of your Porsche.

All features of Porsche Active Aerodynamics (PAA) integrated as standard are retained.

Only for 911 Turbo models.

**[2] Aerokit Cup<sup>1</sup>**

This package comprises the SportDesign package as well as a modified front spoiler lip and a fixed-wing profile on the rear spoiler. Tested and refined in the Porsche wind tunnel, the components

increase downforce on both axles and improve handling. They also emphasise the sporting heritage of the 911 and your affinity with motorsport.

Your 911 can receive this further enhancement from the Aerokit Cup, available from Porsche Tequipment, even if your vehicle is already equipped with the SportDesign front apron or SportDesign package.

Only for 911 Carrera Coupé models.

<sup>1</sup> Note: reduces ground clearance and the approach/departure angle. To preserve aerodynamic stability, front and rear spoilers may not be fitted separately.

**[1] Rear apron painted<sup>1</sup>**

Sporty through and through. With a rear apron painted in the colour of your choice, you can coordinate your Porsche to look exactly as you imagined. Truly individual.

**[2] Rear side air intake grilles painted<sup>2</sup>**

A genuine athlete cuts a fine figure, not least from the side. Especially when the

rear side air intake grilles are perfectly in keeping with your styling requirements. And the sporty charisma of your Porsche.

**[3] Air intake/outlet slats painted<sup>3</sup>**

An equally dynamic impression from the front and the rear. With the slats on the front air intakes (left/right) and air outlets

in the rear end (left/right) available with a painted finish, there begs just one question: sporty? Or even more sporty?

<sup>1</sup> Only for 911 Turbo models.

<sup>2</sup> Only for 911 Turbo models and the 911 GT3 RS.

<sup>3</sup> Only for 911 Turbo models. Design varies with vehicle model and equipment.

**[1] Sideskirts painted**

Developed for the 911 and completed by you. With this set of paintable sideskirts, you can make your Porsche even more individual than it was before.

**[2] Model designation on doors**

Available in black and silver colour with the following logos: '911 Carrera', '911 Carrera S', '911 Carrera 4', '911 Carrera 4S', '911 turbo', '911 turbo S', '911 targa 4' and '911 targa 4S'.

**[3] SportDesign exterior mirrors**

The intricate styling of these exterior mirrors with v-shaped base proves that sportiness is not simply a question of power, but also one of creating the right profile.

1

2

3

**[1] Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)**

Love at first sight. Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS) create

striking accents and darken the exterior appearance. Even the front light units are slightly tinted.

Same function and geometry as standard headlights.

**[2] LED main headlights in black including Porsche Dynamic Light System Plus (PDLS+) (not shown)**

See well and look good. Sometimes they're one and the same thing. Thanks to their painted borders and selected internal

components refined with a Dark Chrome Metallic finish, these striking LED main headlights in black including Porsche Dynamic Light System Plus (PDLS+) draw attention to the individual appearance of your 911.

The functions and geometry are the same as those of the standard LED main headlights including Porsche Dynamic Light System Plus (PDLS+).

**[3] Taillights in clear glass look**

The slightly tinted but transparent lenses of these taillights provide a clear view of the LED system.

Same function and geometry as standard taillights.

For 911 Carrera 4 and Targa 4 models, includes taillight strip in clear glass look.

1

3

**Porsche has kept its feet on the ground since 1948.**

Although there are many units of measurement, sometimes the inch is the most indicative. The wheels from Porsche Tequipment make an impression by combining aesthetics, dynamic

performance and safety. Styled and tested without compromise for a result beyond compare, they are the perfect complement to your 911.

2

**[1] 20-inch SportDesign wheels with summer tyres**

Set of one-piece alloy wheels with motorsport-derived multi-spoke design. Optimised for low weight thanks to flow-forming technology.

**[2] 20-inch SportTechno wheels with summer tyres**

Set of one-piece alloy wheels optimised for low weight thanks to flow-forming technology. They boast a GT Silver Metallic paint finish and front surfaces with a high-gloss polished finish.

1

2

**[1] 20-inch Carrera S wheels with summer tyres**

Set of alloy wheels with an elegant dual five-spoke design. Dynamic and powerful – just like your Porsche.

**[2] 20-inch Carrera S wheels painted in satin platinum with summer tyres**

Your Porsche delivers excellent dynamic performance, and so do these wheels. The 20-inch Carrera S wheels with

summer tyres and a satin platinum paint finish emphasise the sporty character of your car and give it even more individuality. Includes wheel centres with full-colour Porsche Crest.

**[3] 20-inch Carrera S wheels painted in black (high-gloss) with summer tyres**

A high-gloss black painted finish on the centre spokes creates an imposing look and makes the overall appearance of the

20-inch Carrera S wheels even more powerful. Includes wheel centres with full-colour Porsche Crest.

**[4] 20-inch Carrera Classic wheels with summer tyres**

Sporty alloy wheels with 10-spoke two-tone finish. Titanium-coloured paint finish with high-gloss polished front

surfaces. The intricate spokes provide a clear view of the Porsche brake system.

**[1] 20-inch 911 Turbo wheels with summer tyres**

As unmistakable as a 911 Turbo itself. Special features: light alloy – forged, of course, for less weight and a reduction in

unsprung masses – 10 dual-arm spokes and a two-tone finish (titanium-coloured/high-gloss polished). Masterful design included.

**[2] 20-inch Sport Classic wheels painted in satin black with summer tyres**

Named after the 911 Sport Classic, of which only 250 were made in a limited-edition run in 2009 and 2010. The Fuchs-

style Sport Classic wheel with five spokes has a satin black paint finish, while the centre spokes and rim flange of this one-piece forged alloy have been completed with a high-gloss polished finish. Includes

wheel centres with monochrome Porsche Crest.

**[3] 20-inch Sport Classic wheels painted in black (high-gloss) with summer tyres**

This set of forged one-piece alloy wheels with five-spoke Sport Classic design creates an imposing look. Painted in black

(high-gloss) and with a high-gloss polished outer edge, they lend the 911 an even more powerful appearance. Includes wheel centres with full-colour Porsche Crest.

**[1] 20-inch 911 Turbo wheels with winter tyres**

Forged alloy wheels with 10-spoke dual-arm design and two-tone finish (titanium-coloured/high-gloss polished). Both elegant and imposing.

**[2] 20-inch 911 Turbo S wheels with winter tyres**

These forged alloy wheels with two-tone finish (black/high-gloss polished) and motorsport-derived spoke design plus racing style central locking device are all about performance – even in winter.

**[3] 20-inch Carrera S wheels with winter tyres**

The dual, closed-end five-spoke design of these wheels will accentuate the sporty appearance of your 911, while the winter tyres offer improved traction at low temperatures.

**[4] 20-inch Carrera S wheels painted in satin platinum with winter tyres**

Your Porsche delivers excellent dynamic performance, and so do these wheels. The 20-inch Carrera S wheels with winter tyres and a satin platinum paint finish

emphasise the sporty character of your car and give it even more individuality. Includes wheel centres with full-colour Porsche Crest.

**[5] 19-inch Carrera wheels with winter tyres**

This wheel and tyre set featuring five-spoke 19-inch Carrera wheels and winter tyres is as instantly appealing as your Porsche. The wheels impress with

their functional design and sporting elegance, while the winter tyres offer improved traction in cold weather.

**Note on the use of winter tyres.**

Summer tyres provide optimum performance at ambient temperatures above approximately +7 °C. Below this point, the tyre compound begins to

harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year so that you can drive

your 911 safe in the knowledge that it will continue to meet our high standards for driving safety even at low temperatures. All winter tyres approved by Porsche

are identified by the 'N' designation on the sidewall.

- Compatible
- Not compatible
- <sup>1</sup> Optional: use of 5 mm spacers on front and rear axles to widen track.
- <sup>2</sup> Only available for vehicles without central locking device.
- <sup>3</sup> Not compatible with 5 mm wheel spacers (XRP).
- <sup>4</sup> Winter tyres up to max. 240 km/h.
- <sup>5</sup> Compatible with snow chains if no spacers fitted.
- <sup>6</sup> Only available for GTS models. Wheels painted in satin black.

<sup>7</sup> Not compatible with snow chains – for winter tyres only.  
<sup>8</sup> Not compatible with Porsche Ceramic Composite Brake (PCCB).  
 Note: the wheel centres shown are not included, except in the case of the 20-inch Carrera S wheels painted in satin platinum or high-gloss black and the 20-inch Sport Classic wheels painted in high-gloss or satin black.

If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre. All tyres are designed exclusively for Porsche as indicated by the special Porsche designation (N0, N1, etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

**How tyres influence braking performance:**

Example: braking distance in % (measured with the use of tyres conforming to the Porsche specification). Braking distances optimised by the use of Porsche winter tyres. Absolute values may vary.

**Fuel efficiency class, wet grip class and rolling noise:**

Tyre type	Size	Fuel efficiency class/rolling resistance	Wet grip class	External rolling noise* (class)	External rolling noise (dB)
Summer tyres	235/40 ZR 19	E	B	🔊	68
	285/35 R 19	E	C	🔊	70
	295/35 ZR 19	E	B	🔊	71
	245/35 ZR 20	G-F	C-A	🔊	71–70
	295/30 ZR 20	E	A	🔊	74
Winter tyres	305/30 ZR 20	E	C-A	🔊	74–70
	235/40 R 19	E	C	🔊	72
	285/35 R 19	C	C	🔊	73
	245/35 R 20	E	C	🔊	72–70
	295/30 R 20	C	C	🔊	74–73

For logistical and technical reasons relating to the production process, we are unable to accept orders for a particular make of tyre. The tyre make may differ from that shown.  
 \* 🔊 Quiet rolling noise, 🗣️ Moderate rolling noise, 📣 Loud rolling noise.

**[1] Snow chains**

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow. Set of two for rear axle.

Not compatible with wheel spacers.

**[2] Wheel centres**

Set of wheel centres with full-colour Porsche Crest. The perfect finishing touch for the wheels of your 911.

**[3] Anti-theft wheel protection**

Set of four wheel bolts with highly secure Thatcham-approved locking system.

**[4] Wheel bolts in black including anti-theft protection (not shown)**

Set of 20 wheel bolts in black, four of which are anti-theft wheel bolts. Two versions available: for vehicles with and vehicles without 5-mm spacers.

**[5] Wheel spacers**

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your 911 will look even sportier, as the wheels run virtually flush

with the body of the car. Package comprises a set of four spacers (5 mm) including a set of 20 wheel bolts in black, four of which are anti-theft wheel bolts.

**[6] Crested valve caps**

Set of four silver-coloured valve caps with embossed Porsche Crest.

For vehicles with Tyre Pressure Monitoring (TPM) and without TPM (not shown).

**The power concept.  
Purposefully redefined.**

The 911 and motorsport make an inseparable team. The knowledge we gain on racetracks all over the world is constantly being put to use for the benefit of our production cars. The tangible result is in the form of continuously improved performance, down to the last detail. The best thing about it? You have the ability to improve it further still, thanks to the Porsche Tequipment range of accessories.

Whether it's a sports exhaust system or a Powerkit engine upgrade, all our products focus on one goal: enhancing the performance of your Porsche and giving you even more driving pleasure.

## Performance

**The only alternative to power?  
Even more power.**

**[1] Powerkit**

The 911 was born out of passion for the sports car. The source of this passion can be traced back to the Porsche Development Centre in Weissach. Here, our designers and engineers give their all to produce breakthrough after breakthrough. The most recent accomplishment is the new Carrera S

Powerkit – for the Targa 4S and the 911 Carrera S models (type 991).

In plain figures, we have managed to increase power output from 294 kW (400 hp) to 316 kW (430 hp) and improve acceleration from 0 to 100 km/h by 0.1 seconds. The Targa 4S and the 911 Carrera S models with PDK<sup>1</sup> and

SPORT PLUS button complete the sprint in an impressive 4.0 seconds. The fastest variant in the range reaches a top speed of 308 km/h.

To develop the Powerkit, a number of sophisticated measures were needed. The cylinder head intake ports have been reworked and given a polished finish.

The stroke of the intake camshaft has been increased and the electronic engine management adapted accordingly.

The highlight of the Carrera S Powerkit is the newly developed variable resonance intake manifold with six plus one switchable valves. This innovation enables the system to switch between power- and

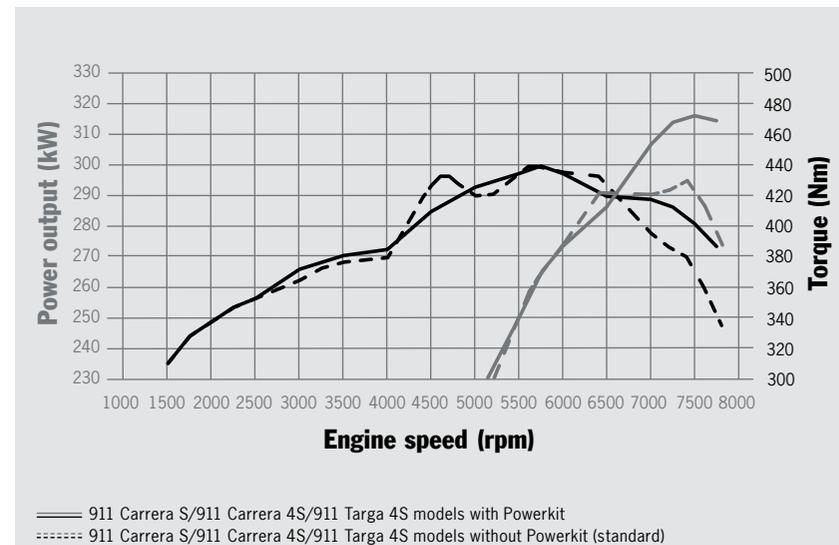

torque-optimised geometries and deliver a boost in power output, particularly in the upper speed range. The extra heat generated by this power increase is dissipated by an additional centre radiator.

Other components include the sports exhaust system with two specially designed twin dual-tube tailpipes and the titanium-

coloured engine cover featuring inlays in carbon.

Some models may require additional components (please see fitting and conversion instructions).

<sup>1</sup> 7-speed Porsche Doppelkupplung (PDK).

911 Carrera S/Carrera 4S/Targa 4S models with Powerkit:

fuel consumption in l/100 km urban 13.9–12.2 · extra urban 7.7–6.7 · combined 10.0–8.7; CO<sub>2</sub> emissions in g/km 235–202.

**[1] Sports exhaust system**

The typical Porsche sound – powerful, robust and sporty. Better still, it can be further enhanced thanks to the sports exhaust system, featuring a modified silencer and specially designed twin

dual-tube tailpipes. By simply pressing the button integrated in the right half of the control panel, you can change the sound according to your driving behaviour – from a robust output during normal road driving to a distinctively more aggressive

tone during performance use. The specially designed tailpipes are included.

Some models may require additional components. Please see fitting and conversion instructions.

**[2] Sports tailpipes**

Specially designed twin tailpipes in chrome-plated stainless steel. Give a sporty look to the rear of your 911.

**[3] Power steering Plus (not shown)**

Whether you are driving fast or slowly, Power steering Plus always adapts to the speed of your 911. It reduces steering effort during manoeuvring and at low speeds.

**[4] Sports bucket seat**

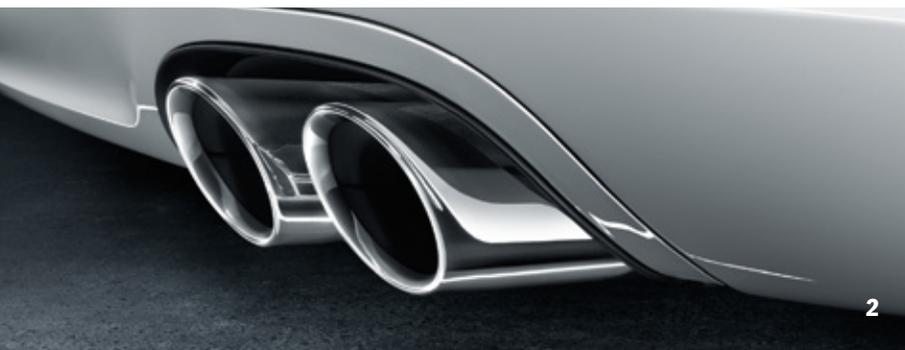

For even more sporty appeal, not only in terms of aesthetics. With folding backrest, integrated thorax airbag and manual fore/aft adjustment. The carbon-weave finish conceals a seat shell in glass/carbon-fibre reinforced plastic. Available in black leather with Porsche Crest embossed on the headrest.

**[5] Pedals and footrest in aluminium**

Pedals and footrest in solid aluminium – just like in motorsport. Sandblasted, anodised and nanocoated to enhance the extraordinary appearance of your 911 – and provide particularly good levels of grip.

**[6] Fuel filler cap in aluminium look**

This elegant accessory is a stylish addition inspired by our racing heritage. Modelled on filler caps from historic race vehicles, it has an engraved 'PORSCHE' logo and securing tether.

**Motorsport and the racetrack: a single entity. Extended to your car.**

From the very start, motorsport and the racetrack have been integral to the development and testing programme at Porsche. Nowhere else are a vehicle and its components subjected to such rigorous demands, resulting in fully proven motorsport accessories from Porsche Tequipment. Road-legal and satisfying requirements for everyday practicality, they also offer extraordinary performance matched by aesthetic appeal.

Developed by motorsport engineers who also build race cars and provide track-side support.

## Motorsport accessories

**Motorsport genes are passed down from generation to generation.  
And so are looks.**

**[1] Motorsport decals  
Martini Racing design<sup>1</sup>**

The cherished design that has adorned so many Porsche race cars is available

for your 911, with 'MARTINI' logo and decorative stripes on the luggage compartment lid and decorative stripes on the roof, rear wing and sideskirts.

**[2] Motorsport decals<sup>2</sup>**

This set of decals is the quintessential motorsport styling accessory. Featuring the 'PORSCHE' logo in a decorative stripe on the luggage compartment lid. The

decorative stripe passes over the roof and extends as far as the rear wing.

Available in the colours black, silver, blue or red.

**[3] 'PORSCHE' decorative side logo<sup>2</sup>**

A 'PORSCHE' logo added to your sideskirts is the ideal complement to our set of motorsport decals.

Available in the colours black, silver, blue or red.

<sup>1</sup> Only for 911 Carrera/911 Carrera S/911 Carrera 4/911 Carrera 4S Coupé models with Aerokit Cup or SportDesign package, 911 Turbo/911 Turbo S Coupé models with Aerokit Turbo, 911 GT3 and 911 GT3 RS.

<sup>2</sup> Only for 911 GT3 and 911 GT3 RS.

**[1] 20-inch GT3 wheel set<sup>1</sup>**

This set of 20-inch GT3 wheels painted in high-gloss black or satin platinum was born to set your car – and your pulse – racing. Together with your choice of tyres (available separately), you can be prepared for any outing to the racetrack.

<sup>1</sup> GT3 wheel set

Front: 9 J x 20 ET 55  
with 245/35 ZR 20 (91Y) tyres,  
Rear: 12 J x 20 ET 47  
with 305/30 ZR 20 (103Y) XL tyres.

**[2] 20-inch GT3 RS wheel set<sup>2</sup>**

This set of GT3 RS wheels painted in satin black or satin platinum (not shown) make a seamless transition from the road to the racetrack. With 20-inch wheels at the

front, 21-inch wheels at the rear and your choice of tyres (available separately), you have the perfect combination for achieving first-class lap times.

<sup>2</sup> GT3 RS wheel set

Front: 9.5 J x 20 ET 50  
with 265/35 ZR 20 tyres,  
Rear: 12.5 J x 21 ET 48  
with 325/30 ZR 21 tyres.

For the 911 GT3 RS, the 20-inch GT3 wheel in satin platinum is also available as part of a winter wheel set including tyres.  
Front: 9 J x 20 ET 55  
with 245/35 ZR 20 (91Y) tyres,  
Rear: 12 J x 20 ET 47  
with 305/30 ZR 20 (103Y) XL tyres.

**[3] Indoor car cover with Martini Racing design**

This tailored car cover made from breathable, antistatic fabric provides perfect indoor protection for your

Porsche. And its legendary livery displaying the 'MARTINI' logo and decorative stripes will become the new showpiece of your garage.

2

3

**[1] Porsche Track Precision app<sup>1</sup>**

This app enables your driving stats to be displayed in detail, logged and analysed on your smartphone (data acquired by a special control unit fitted in your car). The following functions are available:

Live display for logging and displaying your lap and sector times (lap timer).

Real-time deviation from the defined reference lap, ghost car function, oversteer/understeer, wheel slip and automated triggering of laps.

Analysis. Video recording and video analysis with superimposed driving data (e.g. rpm, gear, speed) and driving line visualisation from GPS data on your smartphone.

Evaluation. Racing stats (lap number, lap times, total distance, vehicle data, weather conditions), speed curve, plotting of detailed driving data (e.g. steering angle, brake pressure, lateral and longitudinal acceleration, fuel consumption per lap) based on precise measurement data for evaluating driver and vehicle performance.

Data exchange. Creation and management of driver profiles, route management and definition, log and video management, sharing capabilities.

App usage permitted only in closed-off track areas away from public roads. Operation of this product (including the video recording feature in particular)

could be prohibited by laws or regulations in specific markets or events. Before any use of this product, please check that this is permitted under local laws and regulations. For information on compatible mobile phones, please visit [www.porsche.com](http://www.porsche.com) or contact your Porsche Centre.

**[2] Lap trigger<sup>1</sup>**

With the lap trigger transmitter and receiver units, your lap timings are fully automated – simply and precisely. The transmitter unit is placed alongside the start/finish line. The receiver unit is attached and connected inside the vehicle. Evaluation and analysis are performed with the Porsche Track

Precision app. Contents: kit comprising transmitter and receiver units including wiring harness and fasteners packaged in a practical storage bag.

For use only in conjunction with Sport Chrono Package including preparation for lap trigger. Separate, external power

source required for operation of infrared transmitter unit.

<sup>1</sup> Only for 911 GT3 and 911 GT3 RS (type 991).

2

**We've been devoted 911 exterior and interior stylists for many years. Now it's your turn.**

The 911 is unmistakable on the outside, thanks to its unique silhouette. Your 911 is unmistakable on both the outside and the inside because the interior leaves scope for further personalisation. After all, this sports car was designed to reflect your particular lifestyle and symbolise freedom. Creative freedom included.

## Interior

**The 911 symbolises creative freedom. Inside and out.**

**[1] Leather**

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hard-wearing.

**[2] Alcantara**

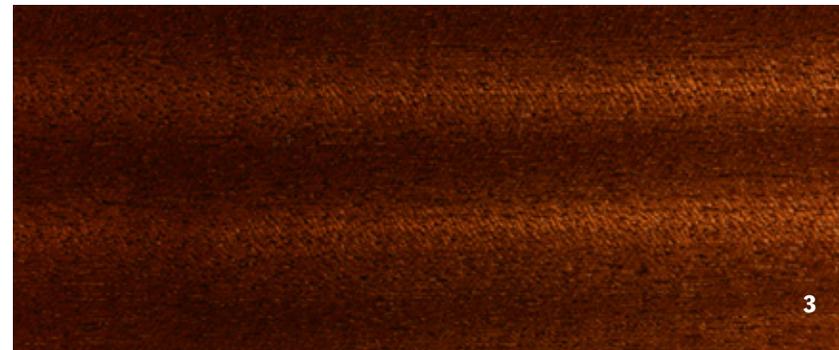

Alcantara. This high-quality material is easy to care for, washable and has excellent non-slip properties.

**[3] Mahogany<sup>1</sup>**

Mahogany is a dark, fine wood. Its fine grain lends it a very modern and elegant look.

<sup>1</sup> Since wood is a natural product, there may be variations in grain and form.

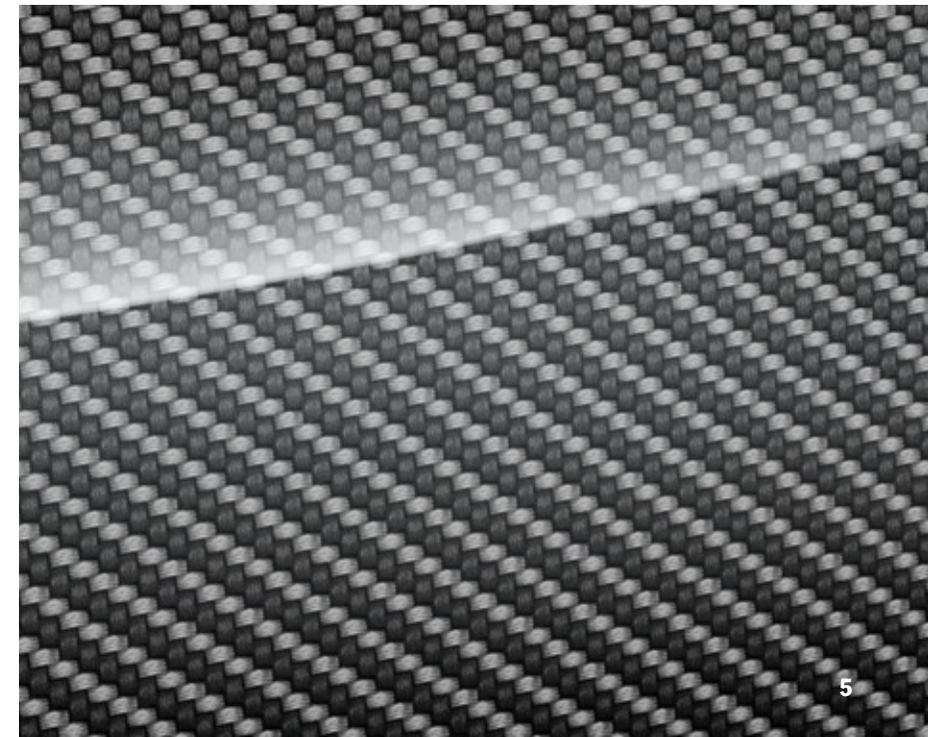

**[4] Brushed aluminium**

Brushed aluminium sets clear accents and gives the interior a sporty minimalist look.

**[5] Carbon**

Carbon fibre is a light yet highly durable material used extensively in motorsport. Its look is the ideal complement to the car's race-bred engineering.

**[1] Mahogany interior package**

This package comprises inlays in mahogany on the gear lever or PDK<sup>1</sup> gear selector and decorative strips in mahogany on the dashboard.

**[2] Heated multifunction steering wheel in mahogany**

The grain on the mahogany multifunction steering wheel is as unique as a fingerprint. Thanks to the integrated buttons, you

have control over a number of audio and where applicable, navigation and telephone functions at your fingertips.

**[3] Centre console trim in mahogany**

Lend your 911 that added personal touch with the centre console trim in mahogany. Charismatic and unique.

**[4] Carbon interior package**

This package comprises inlays in carbon on the gear lever or PDK<sup>1</sup> gear selector and decorative strips in carbon on the dashboard.

**[5] Heated multifunction steering wheel in carbon**

The multifunction steering wheel in carbon brings you closer to the racetrack. Thanks to the integrated buttons, you can control

a number of audio and where applicable, navigation and telephone functions at your fingertips.

**[6] Centre console trim in carbon**

This trim is more than just a sporty detail, it adds a touch of motorsport.

<sup>1</sup> 7-speed Porsche Doppelkupplung (PDK).

1, 2

3

4, 5

6

**[1] Brushed aluminium interior package**

This package comprises inlays in brushed aluminium on the gear lever or PDK<sup>1</sup> gear selector and decorative strips in brushed aluminium on the dashboard.

**[2] Centre console trim in brushed aluminium**

Every detail should be exactly as you imagined. This trim in brushed aluminium enhances the sporty feel of the interior.

**[3] PDK<sup>1</sup> gear selector in aluminium**

Specially designed PDK<sup>1</sup> gear selector in aluminium. The gear selector inlays feature leather trim in the interior colour.

**[4] PDK<sup>1</sup> gear selector in Alcantara, gear lever in Alcantara (not shown)**

This gear lever/PDK<sup>1</sup> gear selector highlights the close association of Porsche with motorsport. Both are finished in black Alcantara.

**[5] SportDesign steering wheel in Alcantara (not shown)**

Alcantara makes the steering wheel particularly easy to grip, robust and straightforward to maintain – properties appreciated not only in motorsport.

**[6] SportDesign steering wheel**

This steering wheel in leather adds a distinctly sporty touch. Two versions are available: one for the manual transmission and one for PDK<sup>1</sup>. The PDK<sup>1</sup> version is equipped with gearshift paddles. The

right-hand paddle shifts up, the left-hand paddle shifts down.

<sup>1</sup> 7-speed Porsche Doppelkupplung (PDK).

6

**The interior of your 911.  
A dream within a dream.**

**[1] Storage compartment lid with  
Porsche Crest or 'PORSCHE' logo**

The lid of the centre console storage  
compartment is finished in leather in the

colour of the interior and embossed with a  
Porsche Crest. Also available in Alcantara  
with 'PORSCHE' logo or Porsche Crest.

**[1] Floor mats with nubuck edging**

Made-to-measure floor mats with nubuck edging and 'PORSCHE' logo, which have a

waterproof underside and are non-slip.

They are secured by a special fastener system. Available as a set of two or four.

**[2] All-weather floor mats**

Two made-to-measure floor mats in an appealing design featuring the 911 silhouette and 'PORSCHE' logo. Anti-slip and waterproof with perimeter ridges.

**[3] Rear footwell lighting (not shown)**

Additional LEDs for the rear left and right footwells provide an extra highlight.

**[4] Vehicle key painted, key pouch in leather**

Set of two vehicle key side mouldings with painted finish. The perfect complement: key pouch in smooth-finish leather with decorative stitching and embossed Porsche Crest.

**[5] Key pouch in Alcantara**

Key pouch in black Alcantara combined with tether and side mouldings in black leather. Includes decorative stitching in a selection of colours as well as the Porsche Crest.

**[6] Ignition starter switch painted**

Another option for the interior.

In conjunction with optional Porsche Entry & Drive, you can order the outer segment of the ignition starter switch in your choice of available exterior colours.

1

2

4, 5

6

**Door sill guards**

A real eye-catcher. Whether you choose door sill guards in carbon or stainless steel, they provide a stylish and dramatic

finishing touch. With illuminated door sill guards, the respective model logo illuminated in white is a further highlight.

**[1] Door sill guards in carbon**

A sporty and striking effect created by carbon fibre. An extremely lightweight high-tech material. With model logo.

**[2] Door sill guards in carbon, illuminated**

These door sill guards in carbon with white illuminated model logo place equal emphasis on sportiness and extravagance.

**[3] Door sill guards in stainless steel**

A brilliant highlight revealed the moment you open the door: door sill guards in stainless steel with model logo.

**[4] Door sill guards in stainless steel, illuminated**

Why not set an illuminating example? These door sill guards with illuminated model logo create just the right look.

3

4

**Your 911 is a technical masterpiece.  
Communication technologies included.**

Tradition and innovation, style and functionality, performance and everyday practicality. The 911 combines them all. It's what you expect from a Porsche.

The 911 embodies passion for the sports car like almost no other vehicle. It is a demonstration of engineering excellence. The interior is no different thanks to intelligent communication equipment from Porsche Tequipment. This has an important role to play on the road by helping you reach your destination quickly and safely. The sporty way.

## Audio and communication

### [1] PCM including navigation module and CD/DVD autochanger

The central information and communication system with a high-resolution 7-inch colour touchscreen display is easy to operate. The radio is equipped with an RDS twin

tuner. The six-disc CD/DVD autochanger plays CDs and audio DVDs and is MP3-compatible. Audio playback of video DVDs is also supported. The GPS navigation system has a hard drive containing map data for most European countries. Other

features include dynamic route calculation, a 3D map display and automatic route recording.

Only for vehicles with CDR Plus audio system, BOSE® Surround Sound System or Burmester® High-End Surround Sound System.

### [2] Navigation update (not shown)

Map update (Model Year 2015) for your navigation system.

Please consult your Porsche Centre for information on the data version of your PCM.

### [3] Electronic logbook

The optional electronic logbook enables automatic logging of mileage, route distance, date, time, starting location and destination for every journey. Once you have downloaded the logbooks from

Porsche Communication Management (PCM) via Bluetooth® or the USB interface, the data can be evaluated on your home PC using the software supplied.

Only in conjunction with PCM including navigation module.

1

3

**[1] Telephone module<sup>1</sup>**

The quadband GSM telephone module offers convenience, excellent reception and optimised voice quality. By inserting a SIM card directly into the integral SIM card reader of PCM or the CDR Plus audio system, you can make calls using either

the hands-free facility or the optionally available cordless handset. Alternatively, the Bluetooth<sup>®</sup> capability of a mobile phone can be used to make calls through the SIM Access Profile (SAP)<sup>2</sup> or Handsfree Profile (HFP)<sup>2</sup>.

**[2] Bluetooth<sup>®</sup> handset for telephone module<sup>3</sup>**

Handset display and separate keypad for making telephone calls discreetly.

**[3] Voice control system<sup>3</sup> (not shown)**

Almost all of the functions of PCM can be activated by voice control. The system recognises commands or figure sequences irrespective of the speaker. It gives audible feedback and guides you through the functions. Without needing

to 'train' the system, phonebook entries can be retrieved, a radio station selected and navigation destinations entered directly by speaking whole words rather than dictating just one letter at a time.

**[4] Online services**

With the online services option and the free-to-download Aha Radio app, you can access various online services including Internet radio and personalised online music streaming, news feeds, weather information and podcasts from PCM. PCM also gives you direct access to online Point of Interest searches (with

the ability to select them as your navigation destination), Facebook<sup>®</sup>, Google<sup>®</sup> Local Search and much more.

The Aha Radio app is available free of charge from iTunes<sup>®</sup> and Google Play<sup>®</sup>. Compatible with iPhone<sup>®</sup> and Android<sup>®</sup> devices. For Android<sup>®</sup> devices, the optional mobile phone preparation or telephone module is additionally required.

<sup>1</sup> Only in conjunction with PCM including navigation module or CDR Plus audio system.

<sup>2</sup> For information on compatible mobile phones please visit [www.porsche.com](http://www.porsche.com) or contact your Porsche Centre.

<sup>3</sup> Only in conjunction with PCM including navigation module.

1

2

4

**[1] Mobile phone preparation**

To enable a Bluetooth® connection for those mobile phones that only support the Handsfree Profile (HFP), an optional hands-free facility is available. With HFP, PCM acts merely as a hands-free system.

It is possible to control basic functions of the mobile phone using PCM or the optional multifunction steering wheel. The GSM connection is established through the aerial of the mobile phone.

Only in conjunction with PCM including navigation module or CDR Plus audio system.

For information on compatible mobile phones, please visit [www.porsche.com](http://www.porsche.com) or contact your Porsche Centre.

**[2] Cruise control (not shown)**

Periods of rest are particularly important for any athlete. Cruise control gives you the break you deserve. Not only can it be used to stay within the speed limit, it also helps you to save fuel by maintaining a

constant speed. This automatic speed controller for the range of 30 to 240 km/h is operated by a switch on a separate control stalk on the steering column.

**[3] Porsche Vehicle Tracking System (PVTS)**

Enables remote location of a stolen vehicle across most of Europe. Tracking is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle

owner. PVTS has been thoroughly tested in most European countries to ensure that the service fully meets strict Porsche requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for Porsche Vehicle Tracking System (PVTS).

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

**Did you expect our transport and car care accessories to offer anything less than supreme performance?**

The 911 and roof attachments? That may sound like a contradiction, but it isn't. Not when our favourite pastime is reconciling seemingly contradictory notions. You can drive your Porsche and bring your second favourite mode of transport along for the ride. Bicycles, skis and snowboards, for example, are easily accommodated.

After some heavy lifting, your Porsche deserves a rest and some care and attention. The following pages show you everything we have to offer, from car covers to microfibre cleaning cloths.

## Transport and car care

## An intense passion for the 911 can develop at an early age.

Ask a child to draw a sports car and you will be amazed at how often the silhouette of the 911 appears before your eyes. Travelling in a Porsche is not just for grown-ups. With Porsche Tequipment child seats, it's for the little ones, too. Now passengers below the age of 12 need never miss out.

### [1] Porsche child seats

Porsche child seats meet strict safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers up to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean with a removable and washable cover in black and grey with a contrasting

red trim. The Porsche child seats can be fixed conveniently and safely on the passenger seat using a preparation kit or the three-point belt system. For increased safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

### [2] Child seat preparation for front passenger seat (not shown)

Includes ISOFIX mounting points between the backrest and squab on the front passenger seat, as well as key-operated deactivation system for front passenger airbag. The front passenger airbag must be deactivated if carrying a child up to 27 kg.

1

**Model:** Porsche Baby Seat + Base ISOFIX<sup>1,2</sup>  
**Group:** G 0+  
**Weight:** up to 13 kg  
**Age:** up to approx. 15 months

**Model:** Porsche Junior Plus Seat ISOFIT<sup>1,3</sup>  
**Group:** G 2–G 3  
**Weight:** 15 to 36 kg  
**Age:** approx. 4 to 12 years

**Model:** Porsche Junior Seat ISOFIX<sup>1</sup>  
**Group:** G 1  
**Weight:** 9 to 18 kg  
**Age:** approx. 9 months to 4 years

The use of a child seat on the passenger seat is permitted only in conjunction with child seat preparation. Child seats are not compatible with the Sports bucket seats.

<sup>1</sup> ISOFIX/ISOFIT is a secure and user-friendly child seat mounting system that rigidly attaches the child seat to the vehicle.

<sup>2</sup> Separate Porsche Base ISOFIX available.

<sup>3</sup> Also available as Porsche Junior Plus Seat.

**A real performer can always shoulder a little more burden.**

**[1] Roof transport system**

Versatile base carrier offering maximum roof load of 75 kg. Compatible with the Tequipment range of special load-carrying attachments, which are easy to fit and feature anti-theft protection.

Only for 911 Coupé models.

**[2] Ski/snowboard carrier, removable**

For up to six pairs of skis or four snowboards (loading surface approx. 60 cm). The design of the lockable ski/snowboard carrier is matched specifically to the Porsche roof transport system, so easy installation is guaranteed. Practical extender function for user-friendly loading and unloading.

**[3] Bike carrier**

Lockable carrier for all standard bikes up to a maximum frametube diameter of 100 mm. The anti-tip stabiliser holds the bike safely in position to make it easier to secure. Up to three bike carriers can be mounted on the roof transport system.

**[4] Racing bike carrier**

Racing bike carrier with quick-action clip for the front fork and length-adjustable receptacle for the rear wheel. The front wheel can be stowed either on the roof transport system or in a bag inside the vehicle. Also suitable for bikes with

carbon frames. Up to three racing bike carriers can be mounted on the roof transport system.

**[1] Roof box 520**

Lockable plastic roof box in high-gloss black or platinum look (not shown) with a capacity of approximately 520 litres and

an integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,180 mm x W 895 mm x H 400 mm.

**[2] Roof box 320**

Lockable plastic roof box in high-gloss black (not shown) or platinum look with a capacity of approximately 320 litres.

Synthetic mats line the floor of the box for optimised load security. Can be opened from either side of vehicle. Dimensions: L 2,060 mm x W 840 mm x H 340 mm.

**There's equipment and there's Porsche Tequipment.  
The difference is self-explanatory.**

Our accessories and car care products are exactly like your car: 100% genuine Porsche. As a result, they are just as indispensable and are designed to enhance the practicality of your Porsche and help you to continue enjoying your 911 for as long as possible. What other enticement could you need?

**[1] Outdoor car cover**

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent, it provides excellent protection against a range of weather conditions including strong sunlight. With anti-theft protection.

Not compatible with SportDesign package or Aerokit Cup.

**[2] Indoor car cover**

Tailored indoor cover made from breathable, antistatic and dirt-resistant fabric. With full-colour Porsche Crest and 'PORSCHE' logo.

Available for Coupé and Cabriolet and for vehicles with SportDesign package or Aerokit Cup.

**[3] Cargo liner**

Waterproof and easy-to-clean loadspace liner offering tailored protection against dirt and damage for the luggage compartment. With 'PORSCHE' logo.

1

2

3

**[1] Car care kit (Cabriolet), car care kit (Coupé) (not shown)<sup>1</sup>**  
Range of care products optimised for Porsche cars and organised in a practical bag with a selection of accessories

included. For Coupé models, the car care kit contains insect remover, car shampoo, paint polish, wax, glass cleaner, leather conditioner, cloths, sponges and chamois leather. For Cabriolet models, the car

care kit contains car shampoo, wax, hood conditioner, glass cleaner, leather cleaner and conditioner, cloths, sponges and chamois leather.

**[2] Wheel cleaning kit<sup>1</sup>**

Cleaning and care kit for alloy wheels in a practical organiser bag. Kit comprises wheel cleaner (acid-free), 500-ml bottle with spray head, sponge and three-piece

brush set for stubborn dirt. Wheel cleaner also available separately with spray head and as 1,000-ml refill bottle.

**[3] Leather care set<sup>1</sup>**

Cleaning and conditioning set for the Porsche leather interior in a practical organiser bag. Contains leather cleaner (100 ml), leather conditioner (100 ml), sponges and cloths.

<sup>1</sup> All care products also available separately.

1

2

3

**[1] Microfibre cleaning cloths**

Pack of three microfibre cloths enabling the PCM touchscreen and other delicate interior surfaces to be cleaned safely and efficiently.

**[2] Ice scraper**

Practical accessory featuring aluminium telescopic handle enabling easy removal of ice and snow from your Porsche. Integral rubber lip for removing water.

**[3] Porsche Charge-o-mat<sup>1</sup> (not shown)**

Battery charger (3.6 A) with charge maintenance and monitoring function.

**[4] Porsche Charge-o-mat Pro<sup>1</sup>**

The increased charging power (5.0 A) of Porsche Charge-o-mat Pro reduces battery recharge time. Thanks to an extra

charging mode for the Porsche lightweight battery (lithium-ion), this charger is also suitable for use in motorsport.

<sup>1</sup> Adapter available for direct connection to vehicle battery.

**[5] High-visibility jacket**

This high-visibility jacket in luminous yellow with reflective stripes was made with your safety in mind. Thanks to its

compact packaging, it is ideal for stowing in the glove compartment or other storage compartments inside the vehicle.

It is a legal requirement in many countries of the EU to carry a high-visibility jacket inside the vehicle.
