Tequipment Boxster

Accessories for the Boxster model range (Type 987)

Equipment

**Every Boxster has its story.
It's up to you how it should
be told.**

Your Boxster is a thoroughbred roadster. Individual. Uncompromising. Elegant in design. Its athletic exterior is a pure expression of the underlying character of the car. Every detail tells a story of inspiration, evolution and refinement. With Porsche Tequipment, you can create your own personal interpretation with a range of exclusive and approved modifications. Subtly enhancing its individuality and charm, while maintaining its integrity as a Porsche.

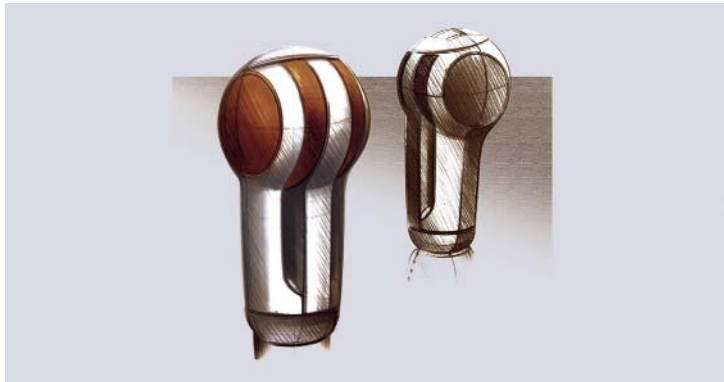

All Tequipment products are developed for specific Porsche models with overall performance in mind. They are also devised by the same designers and engineers who originally created your Porsche. As a result, each product is both visually matched and technically compatible with your car. Almost every accessory is conceived, developed, realized and approved at the Porsche R&D Centre in

Weissach. Every product undergoes exhaustive testing throughout its development to ensure outstanding performance and durability. Processes range from rig-based simulation and endurance trials to final testing on the car. Together with the tools and materials used in their manufacture, all Tequipment products meet the highest standards of Porsche quality and functionality.

Among the highlights of the range for the Boxster models is the new gear lever/handbrake lever in aluminium I. Specially developed for your Porsche by the Boxster design and engineering team. Produced and assembled stage-by-stage in a meticulous process. CNC milled. Anodized. Polished. Assembled by hand. With dedication and attention to detail. And that certain 'something' that defines Porsche Tequipment. Even more distinctive, even more exclusive.

As the name suggests, the package contains both a gear lever and handbrake lever in aluminium. The gear lever inlays and top of the handbrake lever are finished with leather in the colour to match the vehicle's interior, giving a harmonious overall effect that's appealing to the eye and to the touch. Unparalleled. That final touch. From Porsche.

Whichever Tequipment products you ask your Porsche Centre to fit, one thing remains unchanged: your original vehicle warranty.

Exterior

**You only get one chance to
make a first impression.**

The Porsche Boxster is an exhilarating mix of more than 50 years of roadster history and the latest in sportscar design. Its character is reflected in a choice of exterior options blending style, performance and practicality. Down to the smallest detail.

SportDesign package

Bring some additional racing style to the exterior of your Porsche while reducing aerodynamic lift.

The SportDesign package comprises lip spoiler elements for the standard front apron, a new autodeploying rear spoiler and a revised rear apron with diffuser design inspired by the Carrera GT.

Note: slight reduction in front ground clearance. Front splitters and rear spoiler must be fitted together.

For vehicles without ParkAssist:
Part no. 987 044 802 00

For vehicles with ParkAssist:
Part no. 987 044 802 06

Red taillights

Taillights with all-red lenses, for a strikingly sporty look. Geometry and function as with standard taillights.

Part no. 987 044 900 00

Exterior trim package in matt Aluminium Look

This package consists of front air intake grilles (left/right), side air intake grilles and trims for the lower section of the exterior mirror covers.

Part no. 987 044 802 03

Exterior mirror lower trim in matt Aluminium Look

Like you, we pay maximum attention to every detail. That includes the individual touches, for example, the matt Aluminium Look trims on the lower section of the exterior mirror covers.

Part no. 987 044 802 04

Decorative side lettering

One of the first models with the decorative Porsche logo on the side was the legendary 911 Carrera RS 2.7 in 1972. This original lettering

now adorns the flanks of the 911 GT3 RS models. Why not be part of the legend?

Decorative lettering available in selected colours: 'Boxster' and 'Boxster S'.

See price list for part numbers.

Hardtop

This high-precision hardtop in robust aluminium blends harmoniously with the exterior

of the Boxster models. Fitting the hardtop is simple. Special features include a heated rear screen and a black

soundproof fabric rooflining. Weight approximately 23 kg.

Part no. 987 563 005 00 + colour code

Wheels

**Adding performance in summer
or winter.**

Adding style all year round.

The Boxster and Boxster S combine agility and responsiveness with near perfect cornering characteristics. As the ultimate link between car and road, the wheels are crucial to that performance. They can also be adapted to suit your taste – and the

weather conditions. For the colder seasons, there's a dedicated winter tyre on 17 or 18-inch alloy wheels. In warmer weather, you can switch to a summer tyre on a range of 18 or 19-inch designs. The decisive factor is your own taste in design.

19-inch Carrera Sport wheels with summer tyres

Classic 10-spoke alloy design.

Wider dimensions at front and rear
(8.5 and 10 inches, respectively)

create a larger contact patch. As well as enhancing the car's presence on the road, this provides better traction, grip and driving dynamics. The visual effect is

further augmented by the centre spokes in GT Silver Metallic and the high-gloss polished outer rim.

19-inch Turbo wheels with summer tyres

Forged aluminium alloy wheel with lightweight five-spoke design.

Distinctive two-tone finish brings additional character.

19-inch Carrera Classic wheels with summer tyres

Elegantly sculpted alloy wheel with classic Porsche five-spoke design. The large wheel openings provide a clear view of the Porsche brake system.

See pages 16 and 17 for wheel and tyre specifications.

**19-inch SportDesign wheels
with summer tyres**

Derived from the world of Porsche motorsport, this powerful 19-inch multi-spoke wheel design has a firm place on the racetrack.

**19-inch SportDesign wheels
in a black high-gloss finish
with summer tyres**

An eye-catching superior 19-inch SportDesign wheel in a black high-gloss finish, including

black-painted wheel centres with full-colour Porsche Crest.

19-inch Carrera S II wheels with summer tyres

The design of the 19-inch Carrera S II wheel is as sporty as it is powerful. It speaks a

language which suits your Porsche completely.

Available from 02/2009 at the earliest.

18-inch Boxster S II wheels with summer or winter tyres

18-inch Boxster S II wheels with five closed twin spokes. Whether fitted with winter tyres for excellent traction in adverse conditions

or with summer tyres, these wheels suit the Boxster perfectly.

Available from 02/2009 at the earliest.

See pages 16 to 17 for wheel and tyre specifications.

**18-inch Cayman S II wheels
with summer or winter tyres**

One-piece five-spoke alloy wheels. When fitted with winter tyres, they ensure excellent traction even in adverse weather conditions.

Available from 02/2009 at the earliest.

**17-inch Boxster III wheels
with winter tyres**

One-piece alloy wheel with striking design comprising five dual-arm spokes. Provides excellent cold-weather traction in conjunction with winter tyres.

Available from 02/2009 at the earliest.

**17-inch Cayman II wheels
with winter tyres**

Five-spoke wheels in a new design. With winter tyres they provide excellent traction, even at low temperatures.

Available from 02/2009 at the earliest.

See pages 16 to 17 for wheel and tyre specifications.

Wheel centres

Set of wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for any Boxster wheel.

Set of four: Part no. 955 044 600 10

For the 19-inch Carrera Sport wheel in GT Silver Metallic:

Set of four: Part no. 997 044 600 10

For the 19-inch Turbo wheel with monochrome Porsche Crest:

Set of four: Part no. 997 044 600 17

For the 19-inch SportDesign wheel in a black high-gloss finish:

Set of four: Part no. 997 044 600 47

Crested valve caps

Silver-coloured valve caps with embossed Porsche Crest.

For vehicles without Tyre Pressure Monitoring:
Part no. 000 044 600 00

For vehicles with Tyre Pressure Monitoring:
Part no. 000 044 602 15

Anti-theft wheel protection

Set of four steel bolts with highly secure locking system.

For vehicles without spacers:
Part no. 997 361 057 02

For vehicles with 5-mm spacers:
Part no. 997 361 980 10

Spacers

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your Boxster will look even sportier, as the wheels run virtually flush with the body of the car.

Not compatible with 19-inch Carrera Sport wheel or snow chains.

4 x 5-mm spacers with extended wheel bolts and anti-theft protection:
Part no. 000 044 500 09

Note: If you are unable to identify the correct wheel and tyre specification for your Porsche, please consult your Porsche Centre. Note: wheel centres not included. All tyres are designed exclusively for Porsche as indicated by the special Porsche designation (N0, N1, etc.) on the sidewall. These are the only tyres recommended by Porsche. ¹ Compatible with optional 5-mm spacers on front and rear axles to widen the track. ² Not available for Boxster S.

³ Winter tyres to a maximum of 240 km/hr (149 mph). ⁴ Available from 02/2009 at the earliest.

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above +7 °C. Below this point, the tyre compound begins to

harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year. Only then can you enjoy the highest

standards of active safety from your Boxster. All winter tyres approved by Porsche are identified by an 'N' designation on the side-wall.

Snow chains

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow.

Not compatible with wheel spacers.

Snow chains for tyre size 235/50 R 17
and 255/40 R 18:
Part no. 996 361 922 00

Sport

**Sportiness is an attitude
of mind.
Live it out.**

Mid-mounted engine, lightweight body, ultra-low centre of gravity: for more than 50 years this simple combination has defined the history of Porsche motorsport. For the Boxster models, one concept stands out above all: sports performance in its purest form.

To reflect those racing origins, you can choose from a range of modifications that will enhance the sporting character of your Porsche.

Sports tailpipe

This dual-tube tailpipe with bevelled rims is a stylish addition to the Boxster and Boxster S. The hard-chrome finish is extremely wear-resistant and enhances the air of quality on each car.

Part no. 987 111 254 01

Sports tailpipe (Cayman)

Both Boxster models can also be equipped with a stainless steel tailpipe originally developed for the Cayman model range. The sports styling is also combined with a genuine hard-chrome finish.

Part no. 987 111 981 00

Sports exhaust system (not shown)

The Porsche sound can be enhanced with this dual-mode sports exhaust system. The sound depends on driving style and modes selected using a button on the centre console. On

vehicles with the optional Sport Chrono Package/Sport Chrono Package Plus, the sport mode button controls this function.

Some models may require additional components. See technical information for details.

Only for vehicles from Model Year 2007.

Part no. 987 044 200 00

Sports bucket seat

With folding backrest, integral thorax airbag and manual fore/aft adjustment. The backrest shell is made from plastic reinforced with glass fibre and carbon fibre with a stylish carbon-weave finish. Available in black leather with embossed Porsche Crest on the headrest, or in black flame-resistant material.

Child restraint systems must not be used with sports bucket seats.

See price list for part numbers.

Fuel filler cap with Aluminium Look finish

This elegant accessory is a stylish addition inspired by our racing heritage. Modelled on filler caps from historic race vehicles, it has an engraved Porsche logo and securing tether.

Part no. 997 201 980 00

Short shifter

This short-throw mechanism provides a faster, more accurate gearshift action and a more dynamic sportscar experience. Compatible with all gear lever options from Porsche Tequipment.

Note: gearshift action may be slightly restricted when vehicle is started from cold.

Part no. 997 424 983 00

Interior

**The perfect environment for
the perfect drive.**

Every Porsche interior combines elegant design with extensive scope for personalisation. With Porsche Tequipment, you can create your own personal driving environment in a choice of colours and materials. Along with high-quality materials ranging from macassar wood, carbon, aluminium and Aluminium Look finish, through to Alcantara.

All the trim options presented here can be mixed and matched as required. After all, like every Porsche, your Boxster is an expression of individuality.

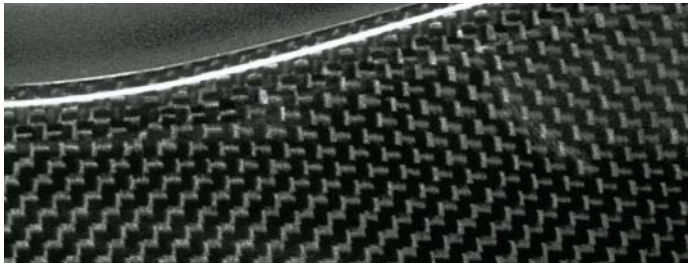

Macassar wood

Macassar ebony is dark and distinctive with a modern, elegant look. The deep black heartwood has reddish-brown lines and a dramatic, marble-like texture.

Carbon

Carbon fibre is an extremely light, yet highly robust material used extensively in motorsport. Its distinctive look is the ideal complement to the car's race-bred engineering.

Aluminium

Use this stylish metal or our special Aluminium Look finish to create striking interior highlights that evoke the purity of racing car design.

Alcantara

This high-quality material is easy to care for, washable and has excellent non-slip properties.

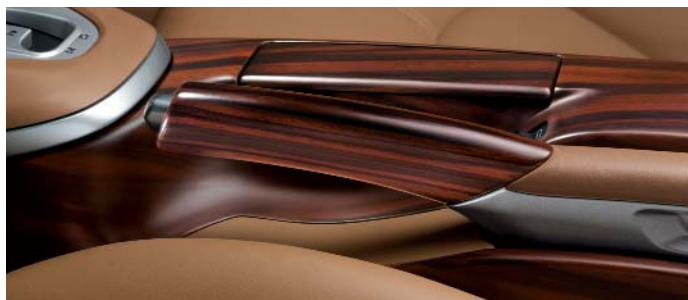

Interior in macassar wood

Interior package

Includes multifunction steering wheel rim (not airbag module) as well as gear lever/selector and handbrake lever. Available in macassar wood or carbon.

See price list for part numbers.

Door trim package

Includes door handle facings and door storage compartment lids.

Available in macassar wood or carbon.

See price list for part numbers.

Dashboard trim elements

Dashboard trim elements and cupholder covers. Available in macassar wood or carbon.

See price list for part numbers.

Rear centre console

Centre console including ashtray cover. Available in macassar wood or carbon.

See price list for part numbers.

The illustrations on pages 24 and 25 show interior trim packages in macassar wood.

Alcantara steering wheel

Alcantara – non-slip, robust and easy to care for. This is the ideal cover material for standard, sports and multifunction steering wheels (excluding airbag module).

See price list for part numbers.

Alcantara gear lever/handbrake lever

This package emphasises Porsche's close links with motorsport. It includes a gear lever/selector in black Alcantara with a matching handbrake lever. A fine finishing touch: aluminium inlay with Porsche logo.

See price list for part numbers.

Gear/handbrake levers in aluminium I

The package contains specially designed gear and handbrake levers in aluminium. Gear lever inlays and upper section of the handbrake lever feature leather trim in the interior colour.

See price list for part numbers.

Door trim package with Aluminium Look finish

Evoke the purity and simplicity of racing car design with these Aluminium Look door trim elements. Includes door handle facings and door storage compartment lids.

Part no. 987 044 800 20

Rear centre console with Aluminium Look finish

Create a stylish highlight with this Aluminium Look finish on the centre console and ashtray cover.

See price list for part numbers.

Cruise control (not shown)

Automatic speed control for the 30–240 km/h (19–149 mph) speed range. Operated using a button on the control stalk.

Part no. 997 044 903 00

Sports-style footrest

Robust footrest with stainless steel surround. Matches the look of the standard pedals.

Left-hand drive vehicles only.

Part no. 997 551 986 00

Floor mats with nubuck edging

Precision down to the last detail: made-to-measure floor mats with nubuck edging and embroidered Porsche logo, which have a water-proof backing and are non-slip. They are secured by a special fastener system.

See price list for part numbers.

Rubber floor mats

Two attractive tailored floor mats. Non-slip and waterproof.

See price list for part numbers.

Door sill guards in carbon

These carbon-fibre guards with model logo are a stylish reference to the racing origins of the Boxster.

With Boxster logo:
Part no. 987 551 980 00
With Boxster S logo:
Part no. 987 551 980 01

Door sill guards in stainless steel

These stainless steel guards with model logo provide effective protection and an attractive feature when entering or leaving the car.

With Boxster logo:
Part no. 987 551 980 02
With Boxster S logo:
Part no. 987 551 980 03

**Door sill guards in carbon,
illuminated**

A homage to Porsche motorsport.
For a more striking effect, these
stylish accessories incorporate
a white illuminated model logo.

With Boxster logo:
Part no. 987 044 800 35
With Boxster S logo:
Part no. 987 044 800 36

**Door sill guards in stainless
steel, illuminated**

A unique and striking effect.
Stylish door sill guards with
white illuminated model logo.

With Boxster logo:
Part no. 987 044 800 27
With Boxster S logo:
Part no. 987 044 800 33

Audio und communication

**Maximum performance.
Even in communication
technology.**

Navigation, communication and in-car entertainment are important factors in the driving experience. With this in mind, we've developed a comprehensive range of audio and communication products to

keep you on time, in touch, entertained and informed – and always en route to your destination.

PCM with satellite navigation

Porsche Communication Management (PCM) is an audio, navigation and communication system with an integral CD player for audio CDs, a high-resolution 5.8-inch colour display with 16:9 aspect ratio and an external navigation DVD drive. The GPS navigation system uses a dedicated antenna to establish your position before calculating the route to your destination. It can also calculate detours where necessary with the aid of TMC (Traffic Message Channel) in countries where this service is supported. The integral radio has twin FM tuners featuring RDS Diversity as well as 20 FM and 20 MW presets. Thanks to the external navigation drive, the internal MP3-compatible CD player can be used exclusively for audio CDs. Includes comprehensive navigation data on single DVD.

See price list for part numbers.

Extended navigation module for PCM

The extended navigation module works in conjunction with the GPS navigation system and enables navigation even in non-digitised districts. It has a compass and provides important information on wheel alignment, height data, length and width coordinates. The backtrace function can also be used to record and retrace routes driven.

For vehicles with PCM, data from Model Year 2006:
Part no. 997 044 900 18

For vehicles with PCM, data from Model Year 2005, additional navigation update is required:
Part no. 997 044 901 50

Please consult your Porsche Centre for information on the data version of your PCM.

Navigation update (not shown)

System and map update for the navigation system to Model Year 2008.

Please consult your Porsche Centre for information on the data version of your PCM.

Part no. 997 044 901 50

Electronic logbook for PCM

This electronic system is the easy way to log your journeys. All relevant information is recorded automatically, with only minimal user input required. The logbook is operated via the standard PCM menu. The package includes data analysis software for the PC. Data can be downloaded via the infrared interface on PCM.

For vehicles with PCM, data from Model Year 2006:
Part no. 955 044 900 29

For vehicles with PCM, data from Model Year 2005, additional navigation update is required:
Part no. 997 044 901 50

Please consult your Porsche Centre for information on the data version of your PCM.

Passive handset for telephone module

This passive handset enables clearer communication as well as greater privacy when making a call.

Only for vehicles with PCM and telephone module.

Part no. 997 044 900 73

Music player interface

The music player interface is integrated into the centre console storage compartment and enables an external music player (iPod®, MP3 player etc.) to be connected via the Porsche CDR-24 radio or PCM. Operation is via the music player.

Includes two connections: dock connector for iPod® including battery charging function and a 3.5 mm jack connector.

Part no. 997 044 901 70

CDC-4 CD autochanger

This compact six-disc autochanger installs neatly in a slot in the luggage compartment and is operated directly from PCM or the Porsche CDR-24 radio.

Part no. 997 044 900 72

Vehicle tracking system

Enables remote location of a stolen vehicle in 25 countries of the European Union as well as Norway, Switzerland and Russia. Location is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle

owner. In addition to the extra security offered by this system, it may also, depending on the country, reduce your insurance premium. The system has been tested using multiple simulated thefts in 27 European countries and Russia and the service has been adapted to fully meet Porsche quality requirements. Your Porsche

Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for vehicle tracking system.

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

See price list for part numbers.

Child seats

For Porsche, safety is of the utmost importance.

Safety performance is as important as engine performance at Porsche. This applies to all ages of occupant, particularly the youngest of all.

Here you can choose from a full range of Tequipment child seats, all exclusively approved for your Porsche.

Porsche child seats

Porsche child seats in a new design, meeting the latest safety standards. Specially tested and approved for Porsche cars, to provide protection and comfort for occupants up to 12 years of age. The fabrics are breathable and easy to clean with a removable and washable cover in black and grey with a contrasting red trim. Depending on the model, the

Porsche child seats can be fixed conveniently and safely on the front passenger seat and in the rear using a preparation kit or the three-point belt system. For increased safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

Child seat preparation for front passenger's seat

Includes ISOFIX mounting points between the backrest and squab on the front passenger's seat, as well as key-operated deactivation system for front passenger airbag. The passenger airbag must be deactivated if carrying a child up to 27 kg.

Part no. 997 044 800 13

Child seats	Model	Group	Weight	Age
	Porsche Baby Seat ISOFIX, G 0+ Part no. 955 044 802 86	0+	Up to 13 kg	0–18 months
	Porsche Junior Seat ISOFIX, G 1 Part no. 955 044 802 88	1	9–18 kg	9 months–7 years
	Porsche Junior Plus Seat, G 2 + G 3 Part no. 955 044 802 90	2 + 3	15–36 kg	3½–12 years

A child's safety seat may be used on the front passenger side for children up to 27 kg. Original Porsche safety seat attachments must be fitted. Child restraint systems must not be used with sports bucket seats.

Accessories

Accessories and car care

**Your Porsche is special.
Let's keep it that way.**

The Boxster and Boxster S are clearly designed for maximum driving pleasure. With the proper care, you can maintain that enjoyment for a great many years to

come. To help you do that, we've prepared a full range of care accessories – all of them approved for the Boxster and Boxster S.

Indoor car cover

Indoor car cover

Tailored indoor cover made from breathable, antistatic and dirt-resistant fabric. With full-colour

Porsche Crest and logo.

Part no. 987 044 000 00

Outdoor car cover

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent and breathable, it provides excellent protection against a range of weather conditions including strong sunlight. With anti-theft protection.

Part no. 987 044 000 02

Hardtop cover

Functional, tailored cover made from breathable, antistatic fabric. Offers excellent protection for your hardtop during storage.

Part no. 987 044 000 01

Wall storage system for hardtop:
Part no. 000 044 000 21

Hardtop carrier

Robust and compact storage system for your hardtop with castor wheels enabling easy manoeuvrability. Dismantles quickly and easily for transport in car.

Part no. 000 044 000 59

Wind deflector

Reduces wind noise and turbulence during open-top driving.

Easy to fit and remove. Stores neatly in luggage compartment.

Part no. 987 044 800 03

Cargo liners

Waterproof and easy-to-clean loadspace liners offering tailored protection for the front and rear luggage compartments. The front

liner has integral carry handles, making it ideal for transporting items such as shopping or sports equipment to and from car.

See price list for part numbers.
