

PORSCHE

20 Years Porsche Tequipment
Accessories for your Macan

Stainless steel skid plate (front)

Stainless steel skid plate (rear)

An established part of our programme for 20 years: driving pleasure retrofitted.

A Porsche stands for enjoyment at the wheel, sports car emotions, unmistakable design and, of course, impressive performance. As well as your idea of how this should be expressed. Visually, tangibly and audibly. In short: how it can best fit in with you and your activities – 365 days a year.

This is what Porsche Tequipment has been offering for 20 years with its high-quality

products. Helping to turn a sports car into a sports car that is specifically adapted to your life. Whatever your plans.

Right from the start, Porsche Tequipment products have to meet the same standards as our vehicles: developed, tested and inspected in Weissach. By the same Porsche engineers and designers responsible for creating each model.

Conceived with the complete vehicle in mind and tailored to your particular Porsche. The result: a range of exceptional products with which you can refine your Porsche to suit your own individual requirements. Fitted after delivery. With no fuss. And, above all, with typical Porsche quality.

With your Porsche, you've already made your dream come true. Now it's time to live it. You will find the relevant accessories from Porsche Tequipment on the following pages.

Stainless steel skid plate (front)

If you wish to make the front of your Macan even more imposing, a skid plate in stainless steel adds a further dynamic detail.

Stainless steel skid plate (rear)

This skid plate in stainless steel is the perfect addition to your Macan, complementing the unique styling of the car's rear section.

SportDesign package

SportDesign side skirts

Smoked LED taillights

Sports tailpipes

SPORT PLUS mode retrofit

Sports tailpipes in black

SportDesign package¹

It adds the muscles that distinguish any athlete. Developed specifically for the Macan, the SportDesign package creates an unmistakable look and lends the car an even more imposing presence. It comprises

a distinctive SportDesign front apron, SportDesign rear apron, a roof spoiler separation edge and a rear mid-section available in the exterior colour of your car.

SportDesign side skirts

Distinctive SportDesign side skirts available in the exterior colour of the car add an attractive styling detail to your Macan for an even sportier impression.

¹ SportDesign side skirts and sideblades are not included in the package and are available separately.

Smoked LED taillights

Smoked LED taillights make that final sporty statement. The smouldering combination of lenses in dark red and selected internal parts in black leaves a special kind of impression – a lasting one.

SPORT PLUS mode retrofit¹

Always ready at your fingertips: the SPORT PLUS button in the centre console control panel. For even sportier tuning of the engine and chassis. Includes performance display in optional PCM and the instrument cluster. Also features the Launch Control (racing start) function and the motorsport-derived gearshift strategy.

Sports tailpipes

Right at the back, yet way ahead when it comes to design: the twin round dual-tube tailpipes in a distinctive design made of stainless steel with a Silver chrome-plated finish. Making the rear of your Macan look even sportier.

Sports tailpipes in black

Lending the rear of your Macan an even more powerful appearance: sports tailpipes in a distinctive design with a black chrome-plated finish.

¹ Package does not include Sport Chrono timer. Not available for vehicles with compass display.
