# The sportscar concept – advanced

## Accessories and retrofit options from Porsche Tequipment

We develop products which are more than accessories. For vehicles which are more than sports cars. And for customers that want more than just standard equipment. Porsche Tequipment is the sportscar concept consistently developed further. Created for the lives of our customers. Developed and tested in Weissach, by the same engineers who design our vehicles. The result: accessories and retrofit products incorporating clever concepts with intelligent solutions. First-class design, maximum convenience for everyday use and Porsche quality – combined. And with guaranteed warranty. For more Sportscar Fascination.

For fuel consumption, CO<sub>2</sub> emissions and electricity consumption, please refer to page 133.

## MORE ENGINEERING SKILL AT PORSCHE TEQUIPMENT.

The limits of feasibility are constantly being redefined.

Our products are developed and tested with the whole vehicle in mind in Weissach – one of the world's most modern development centres. And by the same Porsche engineers who made your car. Perfectly tailored to your Porsche and your lifestyle. Thus, we leave nothing to chance during their development and testing. All our products are trialled under the toughest conditions. From design to approval. From safety to performance. From functionality to resilience.

### 1. Aerodynamics under scrutiny.

Products such as our SportDesign packages and AeroKit have undergone rigorous testing in the wind tunnel. Our high-tech wind tunnel sets new standards. Its fan, measuring eight metres in diameter and engineered with extremely lightweight carbon blades, is able to generate wind speeds of up to 186 mph. What's more, the floor surface rolls along underneath the vehicle at the same speed as the wind throughout the aerodynamic evaluation. The result? A headwind that delivers, thanks to perfect design and first-class drag coefficients.

### 2. Extreme testing for wheels and tyres.

Porsche high-performance tyres are distinguished from other tyres in many ways such as their geometry, the rubber compound and the rigorous testing. Driving on the Nürburgring is also part of the test scope. The values observed there are used as input parameters for the subsequent testing of our wheels. Not least the endurance test in the Biaxial Wheel Test (ZWARP) – which simulates the long-term strain associated with extreme driving styles.

### 3. Performance check for transport systems.

Our roof boxes and transport systems are designed for performance, just like a Porsche. Transport systems are actually more complex than many people think. Braking safety, noise levels and fuel consumption are just some of the points that are tested in Weissach. But we're also concerned with ease of operation. Therefore, our roof boxes have a locking system on both sides. This simplifies both the loading and unloading of the box.

For fuel consumption, CO<sub>2</sub> emissions and electricity consumption, please refer to page 133.

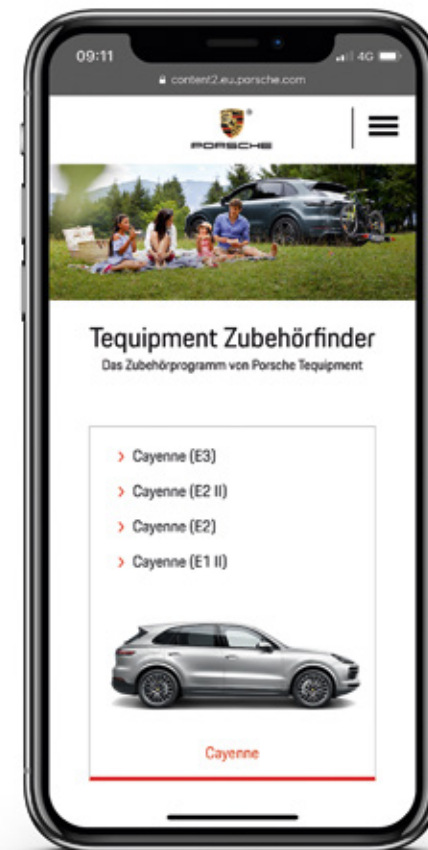

## MORE EQUIPMENT ACCESSORIES ONLINE.

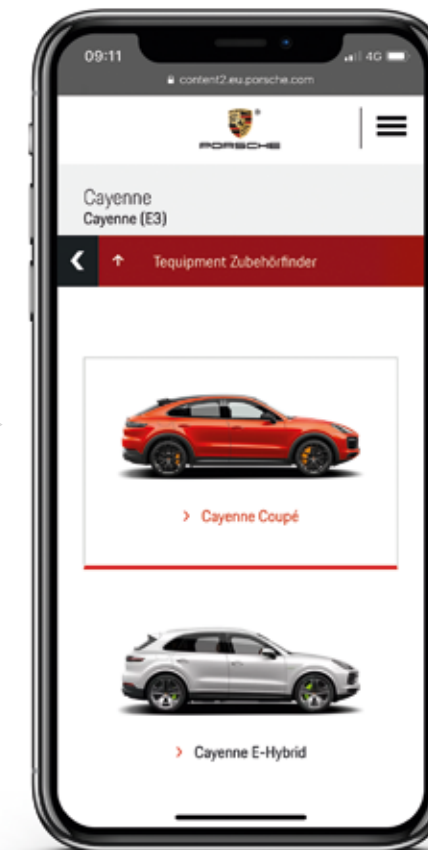

**More possibilities.  
Also discoverable in the digital world.**

Whatever you have planned, your Porsche is an ideal fit for your lifestyle. And with every product from Porsche Tequipment, you can still make further refinements and improvements. Find inspiration in our Tequipment accessories finder. Any time, anywhere.

Why wait? Take an instant, detailed look at your new Tequipment accessory online. Visit us at [www.porsche.co.uk/finder](http://www.porsche.co.uk/finder) or just scan the QR code to quickly and conveniently learn about all the products and prices for your model.

718.

Those who want to get ahead in life need traction.

Pure performance starts from the ground up: at the wheels. After all, they are what ultimately transmit the power of your sports car to the road. They are the assured platform for power, driving pleasure and, of course, an unmistakable look.

- 18 19/20-inch Carrera wheel

# TAYCAN.

The foundations for every great performance are always built from the ground up.

Performance doesn't end with the wheels. On the contrary, that's where it begins. Because transmission of torque primarily involves transmitting impetus. Quickly, directly and without compromising and delivering performance – with every hundredth of a second. In every situation.

Wheels with summer tyres ☀

# More 718

Built for an uncompromising desire for freedom. For the sport of it. And for you. Add your own chapter to the story. And make your 718 just as sporty as your lifestyle.

More inspiration? Scan the QR code or visit [www.porsche.co.uk/teq-718](http://www.porsche.co.uk/teq-718) to view all our products for your 718 online.

Not all products are available for every model. Find all options for your vehicle in the Tequipment accessories finder.

For fuel consumption, CO<sub>2</sub> emissions and electricity consumption, please refer to page 133.

# SPORTDESIGN PACKAGE.

Those who go their own way also leave the well-trodden paths when it comes to design.

It's your life. Your adventure. Your stories. For you, the routes of others do not count. You define your own destinations. So it's no wonder that you only listen to one thing when redesigning your 718: your own imagination.

Create an even more dynamic appearance with our SportDesign packages. The uniquely designed front and rear aprons, which can be painted in the exterior colour or partially in black (high-gloss), impressively emphasise the sporty side of your 718.

Visit [www.porsche.co.uk/teq-718](http://www.porsche.co.uk/teq-718) to view all our products online.

## SPORTDESIGN PACKAGE.

**It's all a matter of personality.  
Especially when it comes to appearance.**

Higher, faster, further? Why not simply more unique for a change? After all, you can also enhance the notion of performance when it comes to appearance.

A powerful performance and a powerful appearance are sometimes one and the same thing. Developed specifically for the Macan, the SportDesign package creates an unmistakable

look and an even more imposing appearance. It comprises a distinctive SportDesign front apron and SportDesign rear apron painted in the exterior colour, as well as a roof spoiler separation edge and a rear mid-section, also available in the exterior colour.

# More Cayenne

Designed for adventure. A pioneer for all those who enjoy leaving the beaten track. Together with you, the Cayenne pushes the boundaries of everyday driving – with the help of accessories from Porsche Tequipment.

More inspiration? Scan the QR code or visit [www.porsche.co.uk/teq-cayenne](http://www.porsche.co.uk/teq-cayenne) to view all our products for your Cayenne online.

Not all products are available for every model. Find all options for your vehicle in the Tequipment accessories finder.

For fuel consumption, CO<sub>2</sub> emissions and electricity consumption, please refer to page 133.

## SPORTDESIGN PACKAGE.

**Total freedom includes creative freedom.**

Your life, your decisions. When it comes to configuring your sports car, you should only go one way – your own.

### **SportDesign front apron**

Clearly defined. Exactly as you would expect of a genuine performance athlete. The distinctively designed front apron included in the SportDesign package is painted in the exterior colour and has an air intake grille in matt black. Its striking appearance is impressively enhanced by wheel arch extensions, sideskirts and the Cayenne Turbo rear section.

### **SportDesign package**

Sporting challenges? The Cayenne accepts. Even when they involve an extremely dynamic appearance. The SportDesign package creates an unmistakable look and an even more imposing overall impression. It comprises a distinctive front apron painted in the exterior colour with additional air intakes, a distinctive rear apron with a paint finish, sideskirts and prominent wheel arch extensions.

Restricted off-road use.

Visit [www.porsche.co.uk/teq-cayenne](http://www.porsche.co.uk/teq-cayenne) to view all our products online.

**Carbon SportDesign package**

The material derived directly from motorsport. Your inspiration. With the Carbon Design package, you can create a racing look – instantly. Accents are set with the air intake grilles painted in black (high-gloss). The upper trims of the exterior mirrors as well as the airblades on the front apron finished in carbon, and the diffuser in carbon do more than hint at the car's race track heritage.

Visit [www.porsche.co.uk/teq-cayenne](http://www.porsche.co.uk/teq-cayenne) to view all our products online.

# General accessories

---

Standing still? Not an option. After all, there is still much to discover and experience. And countless adventures are waiting for you.

Our accessories will help you reach your destinations – no compromise.

CAR COVERS.

More Porsche diversity.  
Even when you're not driving.

A pit stop can also be optimally combined with performance. With custom-fit Porsche Tequipment car covers, for example. Whether indoor or outdoor, they provide ideal protection against dust, sunlight, weathering and dirt. And also have an eye-catching appearance. You can choose from various designs, depending on your model. Our way of showing that downtime certainly doesn't have to be boring.

Not all products are available for every model. Find all options for your vehicle in the Tequipment accessories finder.

indoor car cover plus (GT models),  
outdoor car cover,  
indoor car cover Endurance Racing Edition,  
indoor car cover 718 Spyder design

# CHILD SEATS.

More butterflies in your stomach,  
even for the smallest passengers.

Driving in a Porsche is one of the biggest things even for the smallest passengers. Which is why Porsche Tequipment offers specially designed child seats. They meet strict safety standards and have been specially tested and approved for Porsche cars, thereby providing protection and comfort for children up to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean.

ISOFIX is a standard system for mounting points in almost all vehicles. This ensures that the child seat is securely fastened in the car. Our i-Size seats fit all car seating positions approved for i-Size. Please check your vehicle manual to see if your car has such approved vehicle seating positions.

### Child seat underlay

To protect the surface of the car seat from dirt and damage, a child seat underlay is available as an option.

Prior to installation, please refer to the child seat operating instructions for your vehicle, where you will find all the important information about the appropriate child seats for your model and the correct positioning of these in your car.

**A**  
**Model:** Porsche Baby Seat i-Size + Flex Base i-Size  
**Group:** 0  
**Weight:** 0 to 13kg  
**Age:** Up to 15 months  
**Dimensions:** 40 to 83cm

**B**  
**Model:** Porsche Child Seat i-Size  
**Group:** 1  
**Weight:** 9 to 18kg  
**Age:** 9 months to 4 years  
**Dimensions:** 61 to 105cm

A child seat should only be used on the front passenger seat in conjunction with the child seat preparation available ex-works. When carrying children up to 27kg, the front passenger airbag must be deactivated.

### Comfortable covers

High performance at high temperatures? No problem. The lightweight terry cotton absorbs both heat and sweat in equal measure. And handling could not be easier: just pull it over the seat cover and wash it in the washing machine at 60 degrees when soiled.

**Other Tequipment options not shown:**

## TRANSPORT.

**More expansion.  
For your own horizon.**

A hunger for thrills, a desire for adventure or a joy of discovery? No problem. The intelligent transport systems from Porsche Tequipment ensure that you always have the space you need for your equipment wherever you are. Because no matter what you have planned or where the journey will take you, our roof boxes and intelligent systems transport far more than just athleticism.

**Your bikes have never been transported as dynamically as this before.**

Got lots of plans? That's good. After all, your Porsche is a master at combining sporty driving with your other favourite sports – such as road or race cycling. No matter where your next adventure is destined to begin: your Porsche will not only take you there safely, but also your bike, thanks to our accessories.

**Roof transport system**

All attachments for various requirements can be fixed to the roof transport system. Two lockable aluminium cross members offer effective anti-theft protection. For more information about the maximum permissible roof load that can vary depending on the vehicle, please refer to your car manual.

**Racing bike carrier**

Capacity for up to two racing bike carriers. With quick-clamping device for the front fork and length-adjustable rear wheel mount. Also suitable for bikes with a carbon frame. The front wheel can be optimally stowed in the front wheel holder on the roof transport system or in a bag in the interior.

**Bike carrier**

For all standard bikes up to a frame diameter of 100mm. With an anti-tipping mechanism to hold the bike securely in position. Capacity for up to three bike carriers at a time, weighing maximum 20kg.

**Rear-mounted bike carrier**

Lockable, foldable rear-mounted carrier in black aluminium for up to two bicycles (maximum weight per bike: 30kg). Mounts quickly on the towbar system without the need for any tools. Also suitable for electric bikes (2 × 30kg).

Not all products are available for every model.  
Find all options for your vehicle in the Tequipment accessories finder.

**More flexibility.  
Whatever your plans may be.**

Your Porsche offers plenty of space for the important things in life: personal freedom, for example. How this should be expressed exactly is, of course, entirely down to you, because whether you need a matching luggage set for your next trip, or would like to have the ability to carry more, the accessories from Porsche Tequipment provide the optimum solution.

Not all products are available for every model.

# PROTECTION.

More scope. Is indispensable,  
especially for explorers.

Your life is not designed for boredom, just as well. After all, neither is your Porsche and our products ensure that everything you transport is optimally protected, so that before, during and after your journey you can always think of what matters most – driving pleasure.

# CAR CARE.

**More sports-car-like quality,  
even during pit stops.**

Special cars deserve special attention. With its exclusive 'White Edition' car care range, Porsche has developed a programme that offers a wide selection of products for protecting and maintaining the interior and exterior of your vehicle.

The 'White Edition' car care products are supplied in a high-quality Rimowa trolley case, providing perfect storage for all the products. The trolley case fits every Porsche model and is sturdy and ultra-light. The foam inlay can be removed if necessary, allowing the trolley case to be used as a high-quality travel accessory.

Also typical of Porsche Tequipment is the unique design of all the bottles. Developed together with the designers from Studio F. A. Porsche, it is timeless and inspired by the shape of the Porsche Crest. Also typical Porsche: the extensive test procedure because all our car care products are tested under special conditions in Weissach – just like every Porsche. They meet the highest quality standards.

# E - PERFORMANCE.

Energetically embracing the future.

**Charging Dock**  
The front of the Porsche Charging Dock is made of black safety glass featuring a silver-coloured 'PORSCHE' logo. It allows the Porsche Universal Charger (AC) to be installed on your garage wall, for example. It is suitable for all common industrial electrical outlets. The Charging Dock has a connector for the vehicle plug on both sides. The up-to-7.5m vehicle cable can be wound into the casing, from which the charger can be removed at any time. Can also be used outside\*. Lockable.

The Porsche Universal Charger (AC) shown in the picture and the optional charging cable are not included. Please contact your Porsche Centre for assembly information.

\* Should not be exposed to heavy rain.

Home Energy Manager,  
charging cable (mode 3), 7.5m and up to 11kW

# Winter accessories

Driving a sports car 365 days a year? Of course. A Porsche is an all-year-round athlete. With the appropriate winter accessories and car care products from Porsche Tequipment, it is ideally prepared for the challenges of winter.

## WINTER ACCESSORIES.

Maximum performance even at sub-zero temperatures.

When others switch down a gear, you simply shift up a gear. With a Porsche, this is not a problem. After all, it guarantees maximum performance even at sub-zero temperatures. Just like the accessories from Porsche Tequipment. After all, they are an ideal fit for your Porsche. And the cold winter months.

# Technical data and information

---

General tyre information

All tyres fitted by Porsche meet Porsche specifications, as indicated by the special designation (N0, N1, etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche. For logistical and technical reasons relating to the production process, we are unable to accept orders for a particular make of tyre. The make of tyre may differ from that shown. If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

\* Quiet rolling noise, Moderate rolling noise, Loud rolling noise.

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above approx. +7°C. Below this point, the tyre compound begins to harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year so that you can drive your vehicle safe in the knowledge that it will continue to meet our high standards for driving safety, even at low temperatures. All winter tyres approved by Porsche are identified by an 'N' designation on the sidewall.

Additional benefits: the tyres are noise-optimised. There is also less rolling resistance, which helps reduce fuel consumption.

Tyre braking behaviour for all models:

1) Data determined in accordance the Worldwide Harmonized Light Vehicles Test Procedure (WLTP) as required by law. You can find more information on WLTP at [www.porsche.com/wltp](http://www.porsche.com/wltp). For Plug-in Hybrid Electric Vehicle (PHEV) range and Equivalent All Electric Range (EAER) figures are determined with the battery fully charged, using a combination of both battery power and fuel. Values are provided for comparison only. To the extent that fuel and energy consumption or CO<sub>2</sub> values are given as ranges, these do not relate to a single, individual car and do not constitute part of the offer. Optional features and accessories can change relevant vehicle parameters such as weight, rolling resistance and aerodynamics which may result in a change in fuel or energy consumption and CO<sub>2</sub> values. Vehicle loading, topography, weather and traffic conditions, as well as individual driving styles, can all affect the actual fuel consumption, energy consumption, electrical range, and CO<sub>2</sub> emissions of a car.

2) Guide value determined using a WLTP subcycle (including taking account of auxiliary equipment, such as air conditioning).
