- 5.2.1. charge interest on the outstanding sum calculated based upon the Italian statutory rate applicable from time to time. Interest shall accrue on a daily basis from the due date for payment until payment is received in full by the National Service Provider together with all interest that has accrued; and

As such the National Service Provider can give no guarantee that the Vehicle will be successfully located or recovered.
- 6.6. The Customer acknowledges that the activation of the Service does not in any way mitigate his or her duty to obtain adequate insurance for the Vehicle.

- 7.5. The National Service Provider may terminate this agreement with immediate effect on written notice to the Customer in the event that:
- 7.5.1. Any government or other regulatory approvals for the provision of the Service are withdrawn, suspended or amended at any time;
- 7.5.2. The Customer or any Authorised User persistently raises false alarms in circumstances where he or she had no reasonable grounds on which to believe that the Vehicle had been stolen or that genuine emergency or breakdown conditions exist.
- 7.6. Upon termination of the Service Agreement the accrued rights and liabilities of the parties shall not be affected.

8. GENERAL

- 8.1. The Customer acknowledges that for security reasons telephone calls between the National Service Provider personnel and the Customer may be recorded. The Customer consents to the recording of such calls and agrees that such recording may be used and supplied to the Police for the sole purpose of the prevention and detection of crime.

END USER'S TERMS AND CONDITIONS

- 8.2. The National Service Provider shall not be liable for any delay in performing or for failure to perform its obligations hereunder to the extent that and for so long as the delay or failure results from any cause or circumstance whatsoever beyond its reasonable control ("Event of Force Majeure"). The National Service Provider shall notify the Customer upon becoming aware of the Event of Force Majeure and shall indicate the manner and extent to which its obligations are likely to be prevented or delayed. If any event of Force Majeure occurs, the date(s) for performance of the obligation(s) affected shall be postponed for so long as is made necessary by the event of Force Majeure provided that if any event of the Force Majeure continues for a long period of exceeding three (3) months, either party shall have the right to terminate the Service Agreement forthwith on written notice to the other party. Each party shall use its reasonable endeavours to minimise the effects of any events of Force Majeure.
- 8.3. All notices and other communications required or permitted to be given under the Service Agreement shall be in writing and shall be delivered or transmitted to the intended recipient's address as specified in the Order. Any notice shall be treated as having been served upon delivery if delivered by hand or by mail and on confirmation of transmission if sent by facsimile.
- 8.4. The failure of either party to enforce or to exercise at any time or for any period of time any term of or any right pursuant to the Service Agreement does not constitute, and shall not be construed as, a waiver of such terms or right and shall in no way affect that party's right later to enforce or to exercise it.
- 8.5. If any term of the Service Agreement is found to be illegal, invalid or unenforceable under any applicable law, such terms shall, insofar as it is severable from the remaining terms be deemed omitted from the Service Agreement and shall in no way affect the legality, validity or enforceability of the remaining terms.
- 8.6. The Service Agreement contains all the terms agreed between the parties regarding its subject matter and supersedes any prior agreement, understanding or arrangement between the parties, whether oral or in writing. No representation, undertaking or promise shall be taken to have been given or implied from anything said or written in negotiations between the parties prior to this agreement (unless such untrue statement was made fraudulently) and that party's only remedies shall be for breach of contract as provided in the Service Agreement.
- 8.7. The construction, validity and performance of the Service Agreement shall be governed by the laws of Italy and the parties submit to the exclusive jurisdiction of the courts of Varese (Italy) to resolve any disputes between them.
- 8.8. The Customer acknowledges that the authorised National Service Provider personnel can track the Customer's vehicle for test purposes.
- 8.9. The Unit and Service is intended for personal/individual use and is not intended as a fleet management service.
- 8.10. No variations to the Service Agreement shall be binding unless agreed in writing by an authorised representative of the National Service Provider.

9. PROCESSING OF PERSONAL DATA

- 9.1. The National Service Provider is responsible for the personal data processed in connection with the Services covered by terms and conditions. All processing takes place in accordance with good practice and the legislation in force concerning the processing of personal data.
- 9.2. The personal data is used by the National Service Provider and its service providers both inside and outside the EU/EEA in order to deliver and develop the Services.

If at any time you need to change any details you have entered in the Vehicle Tracking System Agreement or if you sell your vehicle, you **MUST** contact the Service Provider.

For example:

- You have changed your telephone/mobile phone number.
- You have changed the registration plate on your vehicle.
- You are moving house.

- You wish to add or remove an authorised driver.

The Service Provider can be contacted between 9am-5pm Monday-Friday.

The identity questions/answers specified in your Vehicle Tracking System Service Agreement are preliminary. The answers are known to the Porsche dealer.

We therefore strongly recommend that you change the identity questions/answers by calling the Service Provider.

WHAT HAPPENS IF YOUR VEHICLE IS STOLEN?

Automatic theft detection by the Porsche Vehicle Tracking System

In your absence, the Vehicle Tracking System can detect a vehicle theft. In this case, your Vehicle Tracking System generates a theft alert that is communicated directly to the SOC. The SOC will commence tracking the vehicle whilst the SOC operator attempts to contact you in order to confirm the theft. You will also receive a text message on your mobile phone informing you of this situation. If the theft is genuine, you will be asked to contact the local Police to report the theft and to obtain a Crime Reference Number. Once you have this, you should call the SOC again and provide them with the Crime Reference Number.

Please note that automatic theft detection cannot be guaranteed in all circumstances.

Theft detection by you

Should you discover that your vehicle has been stolen, please contact the SOC immediately. The SOC will commence tracking your vehicle whilst you contact the local Police to report the theft and obtain a Crime Reference Number. Once you have this, you should call the SOC again and provide them with the Crime Reference Number.

What happens if your vehicle is stolen abroad?

Your first point of contact is always your UK SOC using the phone number referenced in this document. The SOC will then re-direct the confirmed theft to the SOC in the country of theft in order to track the vehicle and liaise with the Police authorities in local language.

FALSE ALERTS

False alerts are generated in the following situations:

- If maintenance work is carried out on the vehicle without enabling "Vehicle Servicing mode".
- If the vehicle is transported without enabling "Transport mode".

Every false alert is sent to the SOC and the SOC commences tracking the vehicle.

Please Note: The Service Provider reserves the right to impose an additional charge on subscribers who trigger more than 5 false alerts in any 12-month period. The charge is £15.00 incl. VAT.

TRANSPORTATION AND SERVICING

Transport

If you need to transport the vehicle with the ignition off (e.g. on a ferry or train), you should contact the SOC using the phone number in this document to request that the system be set to "Transport mode".

Vehicle Servicing

When having your vehicle serviced, please inform your dealer that your vehicle is equipped with a Vehicle Tracking System.

You should contact the SOC to request that the system be set to "Vehicle Servicing". Remember that you will be asked your identity questions.

PERIODICAL HEALTH CHECK FOR YOUR VEHICLE TRACKING SYSTEM

Your Vehicle Tracking System is self-monitoring. If a potential problem is detected during the Health Check, the Service Provider will contact you to perform additional checks. The Service Provider may ask you to have the Vehicle Tracking System checked at the Porsche dealer.

ATTENTION!

This Service is provided exclusively by the Service Provider based on the End User's Terms and Conditions.

Dr. Ing. h.c.F Porsche Aktiengesellschaft and its affiliates do not accept any liability whatsoever for this Service.
